

Amend the Committee Substitute for **HB 1365** on Page 1 by striking lines 6 thru 23 and substituting:

(g) The commission shall require the sale of the Texas low-emissions diesel as described in revisions to the State Implementation Plan in effect on April 7, 2003, for the control of ozone and air pollution in the East Texas region as defined by section 385.05181(c) by January 1, 2005. ~~[The commission may not establish, before January 1, 2004, vehicle fuel content standards to provide for vehicle fuel content for clean motor vehicle fuels for any area of the state that are more stringent or restrictive than those standards promulgated by the United States Environmental Protection Agency applicable to that area except as provided in Subsection (h) unless the fuel is specifically authorized by the legislature.]~~

~~[(h) The commission may not require the distribution of Texas low emission diesel as described in revisions to the State Implementation Plan for the control of ozone air pollution prior to February 1, 2005.]~~
