DIGEST AND PURPOSE

Currently, local governments may purchase items under competitive bidding procedures primarily in three ways: (1) posting an invitation to bid; (2) purchasing through the state from approved vendors; and (3) purchasing from a local government cooperative. S.B. 733 allows local governments to purchase an item from a local vendor without following competitive purchasing procedures if the vendor's price is equal to or less than the price provided by the state or cooperative.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
