(e) Notwithstanding Subsection (a), ~~[and except as provided by Subsection (g)],~~ in accordance with a determination of the commissioner, the wealth per student that a school district may have after exercising an option under Section 41.003(2) or (3) may not be less than the amount needed to maintain state and local revenue in an amount equal to state and local revenue per weighted student for maintenance and operation of the district for the 1992-1993 school year less the district's current year distribution per weighted student from the available school fund, other than amounts distributed under Chapter 31, if the district imposes an effective tax rate for maintenance and operation of the district equal to the greater of the district's current tax rate or \$1.50 on the \$100 valuation of taxable property.

(2) Strike the SECTION of the bill amending Section 42.152(c), Education Code, and substitute the following appropriately numbered SECTION:

SECTION \_\_\_\_\_. Section 42.152(c), Education Code, is amended to read as follows:

(c) Funds allocated under this section shall be used to fund supplemental programs and services designed to eliminate any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39, or disparity in the rates of high school completion between students at risk of dropping out of school, as defined by Section 29.081, and all other students. Specifically, the funds, other than an indirect cost allotment established under State Board of Education rule, which may not exceed 45 ~~[15]~~ percent, may be used to meet the costs of providing a compensatory, intensive, or accelerated instruction program under Section 29.081 or an alternative education program established under Section 37.008 or to support a program eligible under Title I of the Elementary and Secondary Education Act of 1965, as provided by Pub. L. No. 103-382 and its subsequent amendments, and by federal

regulations implementing that Act, at a campus at which at least 40 percent of the students are educationally disadvantaged. In meeting the costs of providing a compensatory, intensive, or accelerated instruction program under Section 29.081, a district's compensatory education allotment shall be used for costs supplementary to the regular education program, such as costs for program and student evaluation, instructional materials and equipment and other supplies required for quality instruction, supplemental staff expenses, salary for teachers of at-risk students, smaller class size, and individualized instruction. A home-rule school district or an open-enrollment charter school must use funds allocated under Subsection (a) for a purpose authorized in this subsection but is not otherwise subject to Subchapter C, Chapter 29. Notwithstanding any other provisions of this section:

(1) to ensure that a sufficient amount of the funds allotted under this section are available to supplement instructional programs and services, no more than 18 percent of the funds allotted under this section may be used to fund disciplinary alternative education programs established under Section 37.008;

(2) the commissioner may waive the limitations of Subdivision (1) upon an annual petition, by a district's board and a district's site-based decision making committee, presenting the reason for the need to spend supplemental compensatory education funds on disciplinary alternative education programs under Section 37.008, provided that:

(A) the district in its petition reports the number of students in each grade level, by demographic subgroup, not making satisfactory progress under the state's assessment system; and

(B) the commissioner makes the waiver request information available annually to the public on the agency's website; and

(3) for purposes of this subsection, a program specifically designed to serve students at risk of dropping out of school, as defined by Section 29.081, is considered to be a program supplemental to the regular education program, and a district may use its compensatory education allotment for such a program.
