5 Sec. 372.010. IMPROVEMENT ORDER. (a) During the six-month
6 period after the date of the final adjournment of the hearing under
7 Section 372.009, the governing body of the municipality or county
8 may authorize the creation of a public ~~[an]~~ improvement district

10 the governing body, the governing body adopts ~~[members adopt]~~ a
11 resolution authorizing the district in accordance with its finding
12 as to the advisability of the improvements ~~[improvement]~~.

13 (b) An authorization takes effect when it has been published
14 one time in a newspaper of general circulation in the municipality
15 or county. If any part of the ~~[improvement]~~ district is located in
16 the municipality's extraterritorial jurisdiction or if any part of
17 the improvements is to be undertaken in the municipality's
18 extraterritorial jurisdiction, the authorization does not take
19 effect until the notice is also given one time in a newspaper of

21 jurisdiction in which the district is located or in which the
22 improvements are to be undertaken.

23 (c) Actual construction of improvements ~~[an improvement]~~

6 commissioners court. A person whose name appears on a protest may
7 withdraw the name from the protest at any time before the governing
8 body of the municipality or county convenes to determine the
9 sufficiency of the protest.

10 (d) Before the levy of assessments under Section 372.017,
11 the property owners in the district who signed the original
12 petition may petition the governing body to amend the resolution
13 creating the district adopted under Subsection (a) to amend the
14 estimated qualified costs of the improvements, including adding or
15 deleting improvement projects. The governing body shall provide
16 notice of the owners' petition and hold a public hearing as provided
17 by Section 372.009 to make findings, by amended resolution, of the
18 nature and estimated qualified costs of each improvement. A county
19 or other entity that proposes to amend a resolution under this
20 subsection in the corporate boundaries or extraterritorial
21 jurisdiction of a municipality shall provide notice to the
22 municipality on or before the 30th day before the date the entity
23 amends the resolution.

24 Sec. 372.011. DISSOLUTION. (a) A public hearing may be
25 [~~called and~~] held after giving notice in the same manner as a
26 hearing under Section 372.009 for the purpose of dissolving a
27 district if a petition requesting dissolution is filed and the

1 petition contains the signatures of at least enough property owners
2 in the district to make a petition sufficient under Section
3 372.005(b). If the district is dissolved, the district nonetheless
4 shall remain in effect for the purpose of meeting obligations of
5 indebtedness for improvements.

6 (b) A district may be dissolved at the discretion of the
7 governing body without a petition only if no assessments have been
8 levied on property in the district or if assessments previously
9 levied have been paid in full and the district has no other
10 outstanding obligations. A dissolution under this subsection may
11 not occur until after the governing body holds a hearing and gives
12 notice in the manner required by Section 372.009.

13 Sec. 372.012. AREA OF DISTRICT. The area of a public
14 improvement district to be assessed according to the findings of
15 the governing body of the municipality or county establishing the
16 boundaries may include contiguous and noncontiguous tracts of land
17 and may be less than the area described in the proposed boundaries
18 stated by the notice under Section 372.009. The area to be assessed
19 may not include property not described by the notice as being within
20 the proposed boundaries of the district unless a hearing is held to
21 include the property and notice for the hearing is given in the same
22 manner as notice under Section 372.009.

23 Sec. 372.013. SERVICE PLAN. (a) The advisory body shall
24 prepare an ongoing service plan and present the plan to the
25 governing body of the municipality or county for review and
26 approval. The governing body may assign responsibility for the
27 plan to the employees of the governing body or an authorized

1 instrumentality or to another entity instead [~~in the absence~~] of an
2 advisory body.

3 (b) The plan must cover a period of at least five years and
4 must also define the annual indebtedness and the projected
5 qualified costs for improvements.

6 (c) The plan shall be reviewed and updated annually for the
7 purpose of determining the annual budget for improvements. As part
8 of the annual update, a revised assessment roll must be prepared to
9 reflect any division of parcels and any reallocation of assessments
10 based on the division.

11 Sec. 372.014. ASSESSMENT PLAN; PAYMENT BY EXEMPT
12 JURISDICTIONS. (a) An assessment plan must be included in the
13 annual service plan prepared under Section 372.013.

14 (b) The municipality or county is responsible for payment of
15 assessments against exempt municipal or county property in the
16 district if any assessments are levied. Payment of assessments by
17 other exempt jurisdictions must be established by contract.

18 (c) The assessment plan may require the district to be
19 divided into development phases and, subject to Sections 372.016
20 and 372.017, may levy assessments periodically in separate
21 development phases or may stagger the collection of assessments,
22 with different development phases in the district assigned
23 different payment and collection dates. The development phases and
24 staggered collection dates may be coordinated with the installation
25 of the improvements or with the maturity dates of installation
26 purchase or reimbursement contract obligations or with temporary
27 notes, time warrants, or bonds [~~An assessment paid by the~~

1 ~~municipality or county under this subsection is considered to have~~
2 ~~been paid by special assessment for the purposes of Subsection~~
3 ~~(a)].~~

4 Sec. 372.015. DETERMINATION OF ASSESSMENT. (a) The
5 governing body of the municipality or county shall apportion the
6 qualified costs [~~cost~~] of an improvement to be assessed against
7 property in a public [~~an~~] improvement district. The apportionment
8 shall be made on the basis of special benefits accruing to the
9 property because of the improvement.

10 (b) The qualified costs [~~Cost~~] of an improvement may be
11 assessed:

- 12 (1) equally per front foot or square foot;
- 13 (2) according to the value of the property as
14 determined by the governing body, with or without regard to
15 improvements on the property; or
- 16 (3) in any other manner that results in imposing equal
17 shares of the qualified costs [~~cost~~] on property similarly
18 benefitted.

19 (c) The governing body may establish by ordinance or order:

- 20 (1) reasonable classifications and formulas for the
21 apportionment of the qualified costs [~~cost~~] between the
22 municipality or county and the area to be assessed; and
- 23 (2) the methods of assessing the special benefits for
24 various classes of improvements.

25 (d) The amount of assessment for each property owner may be:
26 (1) adjusted following the annual review of the
27 service plan; and

1 (2) reallocated, but not increased, if an assessed
2 parcel has been divided.

3 (e) Notice of any reallocation of assessments shall be given

15 roll must be filed with the municipal secretary or other officer
16 performing the functions of the municipal secretary or in a

22 ~~assessor-collector to~~] publish notice of the governing body's
23 intention to consider the proposed assessments at a public hearing.
24 The notice must be published in a newspaper of general circulation
25 in the municipality or county before the 10th day before the date of
26 the hearing. If any part of the public improvement district is
27 located in the municipality's extraterritorial jurisdiction or if

1 any part of the improvements is to be undertaken in the
2 municipality's extraterritorial jurisdiction, the notice must also
3 be published, before the 10th day before the date of the hearing, in
4 a newspaper of general circulation in the part of the
5 extraterritorial jurisdiction in which the district is located or
6 in which the improvements are to be undertaken. The notice must

9 (2) the general nature of the improvements
10 [~~improvement~~];

11 (3) the qualified costs [~~cost~~] of the improvements
12 [~~improvement~~];

13 (4) the boundaries of the [~~assessment~~] district; and

14 (5) that written or oral objections will be considered
15 at the hearing.

16 (c) When the assessment roll is filed under Subsection (b),
17 the appropriate designated [~~municipal secretary or other~~] officer
18 shall mail to the owners of property liable for assessment a notice
19 of the hearing. The notice must contain the information required by
20 Subsection (b) and the appropriate designated [~~secretary or other~~]
21 officer shall mail the notice to the last known address of the
22 property owner. The failure of a property owner to receive notice
23 does not invalidate the proceeding.

24 Sec. 372.017. LEVY OF ASSESSMENTS [~~ASSESSMENT~~]. (a) At or
25 on the adjournment of the hearing referred to by Section 372.016 on
26 proposed assessments, the governing body of the municipality or
27 county must hear and pass on any objection to a proposed assessment.

1 The governing body may:

2 (1) amend a proposed assessment on any parcel; and

3 (2) initially or by amendment, provide for reductions
4 of the amount of the annual assessment installments if and to the
5 extent other revenues of the municipality or county of any of the
6 types described by Section 372.026(e) are pledged or become
7 available to pay all or part of installment purchase or
8 reimbursement contract obligations or temporary notes, time
9 warrants, revenue bonds, special assessment bonds, or certificates
10 of obligation that are payable in whole or in part from the
11 assessment installments.

12 (b) After all objections have been heard and the governing
13 body has passed on the objections, the governing body by ordinance
14 or order shall levy the assessment in the amount required to pay
15 qualified costs as a special assessment on the property. The
16 governing body by ordinance or order shall specify the method of
17 payment of the assessment. The governing body may provide that
18 assessments be paid in periodic installments. The installments may
19 be in equal or different annual amounts, but must be in amounts each
20 year necessary to meet annual qualified costs. The installments
21 [for improvements and] must continue for a period and be in amounts
22 necessary to retire any [the] indebtedness or obligation to pay or
23 reimburse for the qualified costs, including the proper
24 administration of the district [on the improvements]. The
25 obligation to pay installments may be conditioned on the occurrence
26 of a future event or condition if the first periodic installment
27 payment of the assessment occurs on a date not later than the fifth

1 anniversary of the date the assessment was levied.

2 (c) The governing body may:

3 (1) levy multiple assessments on property in the
4 district to finance all or part of public improvements and must
5 comply with Section 372.016 for each assessment;

6 (2) execute and deliver installment purchase or
7 reimbursement contracts or temporary notes or time warrants or
8 issue revenue bonds, special assessment bonds, or certificates of
9 obligation to pay the qualified costs or to refund previously
10 executed installment purchase or reimbursement contracts or
11 temporary notes or time warrants; and

12 (3) secure the obligations described by Subdivision
13 (2) by pledging one or more of the assessments levied under this
14 subchapter.

15 Sec. 372.018. INTEREST ON ASSESSMENT; LIEN. (a) An
16 assessment bears interest at the rate and for the period specified
17 by the governing body of the municipality or county, but may not
18 exceed a rate that is [~~one-half of~~] one percent higher than the
19 actual interest rate paid on any installment purchase or
20 reimbursement contract obligation or temporary note or time warrant
21 [~~the public debt~~] used to finance or to evidence an obligation to
22 pay for the improvement. If revenue bonds, special assessment
23 bonds, or certificates of obligation are issued to pay or refund any
24 of the obligations described by this subsection, the annual
25 interest rate is adjusted to a rate not to exceed one percent higher
26 than the actual rate paid on the bonds or certificates, if the rate
27 is lower than the rate on the obligations. Interest on the

1 assessment between the effective date of the ordinance or order
2 levying the assessment and the date the first installment is
3 payable shall be added to the first installment. The interest on
4 any delinquent installment shall be added to each subsequent
5 installment until all delinquent installments are paid. The added
6 interest payable on an installment purchase or reimbursement
7 contract or a temporary note, time warrant, or bond under this
8 subsection may be used by a municipality or county to pay qualified
9 costs of improvements or the costs of administration of the
10 district, including the enforcement of assessments or the payment
11 or prepayment of obligations.

12 (b) An assessment or reassessment, with interest, the
13 expense of collection, and reasonable attorney's fees, if incurred,
14 is a first and prior lien against the property assessed, superior to
15 all other liens and claims except liens or claims for [~~state,~~
16 county, special [~~school~~] district, or municipality ad valorem
17 taxes, and is a personal liability of and charge against the owners
18 of the property regardless of whether the owners are named. The
19 lien is effective from the date of the ordinance or order levying
20 the assessment until the assessment is paid in full and may be
21 enforced by the governing body in the same manner that an ad valorem
22 tax lien against real property may be enforced by the governing
23 body. On the sale of assessed property, any installment or portion
24 of an assessment that is or will be payable for the property during
25 the year of the sale shall be prorated between the buyer and the
26 seller in the same manner as ad valorem taxes are prorated between a
27 buyer and seller. Delinquent installments of the assessment shall

1 incur interest, penalties, and ~~[attorney's]~~ fees in the same manner
2 as delinquent ad valorem taxes.

3 (c) A district assessment on property under this subchapter
4 runs with the land. Any portion of an assessment payment obligation
5 that is not yet due is not eliminated by the foreclosure of an ad
6 valorem tax lien. Any purchaser of property at a foreclosure sale
7 under an ad valorem tax lien takes the property subject to any
8 assessment payment obligation that is not yet due and to the terms
9 of payment under the applicable assessment ordinance or order.

10 (d) The owner of assessed property may pay at any time on any
11 parcel or lot the entire assessment, with interest that:

12 (1) has accrued on the assessment; and

13 (2) will accrue on the assessment until the next
14 scheduled prepayment or redemption date on the installment purchase
15 or reimbursement contract or temporary note, time warrant, revenue
16 bond, special assessment bond, or certificate of obligation that
17 secured the assessment ~~[, on any lot or parcel]~~.

18 Sec. 372.019. SUPPLEMENTAL ASSESSMENTS. After notice and a
19 hearing, the governing body of the municipality or county may make
20 supplemental assessments to correct omissions or mistakes in the
21 assessment relating to the qualified costs ~~[total cost]~~ of the
22 improvement. Notice must be given and the hearing held under this
23 section in the same manner as required by Sections 372.016 and
24 372.017.

25 Sec. 372.020. REASSESSMENT. The governing body of the
26 municipality or county may make a reassessment or new assessment of
27 a parcel of land if:

1 (1) a court [~~of competent jurisdiction~~] sets aside an
2 assessment against the parcel;

3 (2) the governing body determines that the original
4 assessment is excessive; or

5 (3) on the written advice of counsel, the governing
6 body determines that the original assessment is invalid.

7 Sec. 372.021. SPECIAL IMPROVEMENT DISTRICT FUND. (a) A
8 municipality or county that intends to create a public improvement
9 district may by ordinance or order establish a special improvement
10 district fund in the municipal or county treasury or in a bank
11 designated by the municipality or county to serve as a depository
12 bank for the district's funds.

13 (b) The municipality or county annually may levy a tax to
14 support the fund established under this section.

15 (c) The fund may be used to:

16 (1) pay the qualified costs of improvements [~~planning,~~
17 ~~administration, and an improvement authorized by this subchapter~~];

18 (2) prepare preliminary plans, studies, and
19 engineering reports to determine the feasibility of improvements
20 [~~an improvement~~]; and

21 (3) if ordered by the governing body of the
22 municipality or county, pay the initial qualified costs of
23 improvements [~~cost of the improvement~~] until installment purchase
24 contracts or reimbursement contracts are entered into or temporary
25 notes or[7] time warrants are issued or revenue bonds, special
26 assessment bonds, or certificates of obligation are[7, ~~or~~
27 ~~improvement bonds have been~~] issued and sold.

1 (d) The fund is not required to be budgeted for expenditure
2 during any year, but the amount of the fund must be stated in the
3 municipality's or county's annual budget. The amount of the fund
4 must be based on an annual service plan that describes the public
5 improvements for the fiscal year.

6 ~~[(c) A grant-in-aid or contribution made to the~~
7 ~~municipality or county for the planning and preparation of plans~~
8 ~~for an improvement authorized under this subchapter may be credited~~
9 ~~to the special improvement district fund.]~~

10 Sec. 372.022. SEPARATE FUNDS. (a) A separate public
11 improvement district fund shall be created in the municipal or
12 county treasury or in a designated depository bank as provided by
13 Section 372.021 for each district.

14 (b) The following revenues shall be deposited to the fund:

15 (1) special assessments;

16 (2) money, if any, contributed by the municipality or
17 county to pay qualified costs;

18 (3) proceeds [~~Proceeds~~] from the sale of revenue
19 bonds, if payable in part from special assessments;

20 (4) proceeds from the sale of special assessment bonds
21 or certificates of obligation; [~~temporary notes, and time~~

23 (5) any other sums appropriated to the fund by the
24 governing body of the municipality or county for the district
25 ~~[shall be credited to the fund].~~

26 (c) The fund may be used solely to pay:

27 (1) qualified costs of improvement;

1 (2) amounts due on an installment purchase contract or
2 reimbursement amounts owed under a reimbursement contract,
3 temporary note, or time warrant; or

4 (3) any revenue bonds, special assessment bonds, or
5 certificates of obligation that are payable in whole or in part from
6 special assessments levied under this subchapter [~~incurred in~~
7 ~~making an improvement~~].

8 (d) When an improvement is completed and all of the
9 obligations are paid in full, the balance on deposit in the special
10 improvement district fund that was derived from special
11 assessments, if any, [~~of the part of the assessment that is for~~
12 ~~improvements~~] shall be transferred to a [~~the~~] fund established for
13 the retirement of bonds that are payable in whole or in part from
14 assessments.

15 Sec. 372.023. PAYMENT OF QUALIFIED COSTS. (a) The
16 qualified costs [~~cost~~] of an improvement made under this subchapter
17 may [~~must~~] be paid by a method or by a combination of methods
18 described by [~~in accordance with~~] this section and Section 372.024.

2 (C) the issuance and sale of general obligation
3 bonds, certificates of obligation, revenue bonds, or special
4 assessment bonds [~~other available general funds~~].

5 (c) The municipality or county may enter into and execute an
6 installment purchase or reimbursement contract with or may deliver
7 a nonnegotiable but transferable temporary note or time warrant to
8 a third party under which:

9 (1) the third party agrees to:

10 (A) erect, acquire, construct, improve, repair,
11 establish, install, or equip public improvements; and

12 (B) dedicate or sell the improvements to the
13 municipality, county, or authorized instrumentality; and

14 (2) the municipality, county, or authorized
15 instrumentality agrees to pay or reimburse the third party for the
16 qualified costs by paying accumulated amounts due under the
17 installment purchase or reimbursement contract, temporary note, or
18 time warrant from any and all of the sources described by Subsection
19 (b)(2) [A cost payable from a special assessment that has been paid
20 in full shall be paid from that assessment].

21 (d) Subject to Section 372.018, an installment purchase or

9 ~~issue temporary notes or time warrants to pay for the costs of the~~
10 ~~improvement and, on completion of the improvement, issue revenue or~~
11 ~~general obligation bonds.~~

12 [~~(f) The cost of more than one improvement may be paid from a~~
13 ~~single issue and sale of bonds without other consolidation~~
14 ~~proceedings before the bond issue.~~

15 [~~(g) The costs of any improvement include all costs incurred~~
16 ~~in connection with the issuance of bonds under Section 372.024 and~~
