

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 81ST LEGISLATIVE REGULAR SESSION

March 5, 2009

TO: Honorable John Carona, Chair, Senate Committee on Transportation & Homeland Security

FROM: John S. O'Brien, Director, Legislative Budget Board

IN RE: SB129 by Ellis (Relating to the maximum speed limit for a neighborhood electric vehicle being operated on a street or highway.), **As Introduced**

No fiscal implication to the State is anticipated.

The bill would further define a "neighborhood electric vehicle" as a vehicle that can attain a maximum speed of 35 miles per hour on a paved level surface. The bill would prohibit a neighborhood electric vehicle from being operated at a speed that exceeds the lesser of the posted speed limit or 35 miles per hour. Current statute limits these vehicles to being operated on a street or highway that has a posted speed limit of no more than 35 miles per hour. The bill would clarify that the vehicle must be operated within the posted speed limit.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
