23 (2) allow for the development by this state of a
24 methodology for allocating money in the fund to:

25 (A) be used to supplement Medicaid hospital
26 reimbursements under a waiver that includes terms that are
27 consistent with, or that produce revenues consistent with,

1 disproportionate share hospital and upper payment limit principles
2 ~~[offset, in part, the uncompensated health care costs incurred by~~
3 ~~hospitals];~~

4 (B) reduce the number of persons in this state
5 who do not have health benefits coverage; and

6 (C) maintain and enhance the community public
7 health infrastructure provided by hospitals.

8 (b) Section 531.504, Government Code, is amended to read as
9 follows:

10 Sec. 531.504. DEPOSITS TO FUND. (a) The comptroller shall
11 deposit in the fund:

12 (1) ~~[all]~~ federal money provided to this state under
13 the disproportionate share hospitals supplemental payment program
14 or ~~[and]~~ the hospital upper payment limit supplemental payment
15 program, or both, other than money provided under those programs to
16 state-owned and operated hospitals, and all other non-supplemental
17 payment program federal money provided to this state that is
18 included in the waiver authorized by Section 531.502; and

19 (2) state money appropriated to the fund.

20 (b) The commission and comptroller may accept gifts,
21 grants, and donations from any source, and receive
22 intergovernmental transfers, for purposes consistent with this
23 subchapter and the terms of the waiver. The comptroller shall
24 deposit a gift, grant, or donation made for those purposes in the
25 fund. Any intergovernmental transfer received, including
26 associated federal matching funds, shall be used, if feasible, for
27 the purposes intended by the transferring entity and in accordance

1 with the terms of the waiver.

2 (c) Section 531.508, Government Code, is amended by adding
3 Subsection (d) to read as follows:

4 (d) Money from the fund may not be used to finance the
5 construction, improvement, or renovation of a building or land
6 unless the construction, improvement, or renovation is approved by
7 the commission, according to rules adopted by the executive
8 commissioner for that purpose.

9 (d) Subsection (g), Section 531.502, Government Code, is
10 repealed.

11 SECTION 1.13. (a) Subtitle I, Title 4, Government Code, is
12 amended by adding Chapter 536, and Section 531.913, Government
13 Code, is transferred to Subchapter D, Chapter 536, Government Code,
14 redesignated as Section 536.151, Government Code, and amended to
15 read as follows:

16 CHAPTER 536. MEDICAID AND CHILD HEALTH PLAN PROGRAMS:

17 QUALITY-BASED OUTCOMES AND PAYMENTS

18 SUBCHAPTER A. GENERAL PROVISIONS

19 Sec. 536.001. DEFINITIONS. In this chapter:

20 (1) "Advisory committee" means the Medicaid and CHIP
21 Quality-Based Payment Advisory Committee established under Section
22 536.002.

23 (2) "Alternative payment system" includes:

24 (A) a global payment system;

25 (B) an episode-based bundled payment system; and

26 (C) a blended payment system.

27 (3) "Blended payment system" means a system for

1 compensating a physician or other health care provider that
2 includes at least one or more features of a global payment system
3 and an episode-based bundled payment system, but that may also
4 include a system under which a portion of the compensation paid to a
5 physician or other health care provider is based on a
6 fee-for-service payment arrangement.

7 (4) "Child health plan program," "commission,"
8 "executive commissioner," and "health and human services agencies"
9 have the meanings assigned by Section 531.001.

10 (5) "Episode-based bundled payment system" means a
11 system for compensating a physician or other health care provider
12 for arranging for or providing health care services to child health
13 plan program enrollees or Medicaid recipients that is based on a
14 flat payment for all services provided in connection with a single
15 episode of medical care.

16 (6) "Exclusive provider benefit plan" means a managed
17 care plan subject to 28 T.A.C. Part 1, Chapter 3, Subchapter KK.

18 (7) "Freestanding emergency medical care facility"
19 means a facility licensed under Chapter 254, Health and Safety
20 Code.

21 (8) "Global payment system" means a system for
22 compensating a physician or other health care provider for
23 arranging for or providing a defined set of covered health care
24 services to child health plan program enrollees or Medicaid
25 recipients for a specified period that is based on a predetermined
26 payment per enrollee or recipient, as applicable, for the specified
27 period, without regard to the quantity of services actually

1 provided.

2 (9) "Health care provider" means any person,
3 partnership, professional association, corporation, facility, or
4 institution licensed, certified, registered, or chartered by this
5 state to provide health care. The term includes an employee,
6 independent contractor, or agent of a health care provider acting
7 in the course and scope of the employment or contractual
8 relationship.

9 (10) "Hospital" means a public or private institution
10 licensed under Chapter 241 or 577, Health and Safety Code,
11 including a general or special hospital as defined by Section
12 241.003, Health and Safety Code.

13 (11) "Managed care organization" means a person that
14 is authorized or otherwise permitted by law to arrange for or
15 provide a managed care plan. The term includes health maintenance
16 organizations and exclusive provider organizations.

17 (12) "Managed care plan" means a plan, including an
18 exclusive provider benefit plan, under which a person undertakes to
19 provide, arrange for, pay for, or reimburse any part of the cost of
20 any health care services. A part of the plan must consist of
21 arranging for or providing health care services as distinguished
22 from indemnification against the cost of those services on a
23 prepaid basis through insurance or otherwise. The term does not
24 include a plan that indemnifies a person for the cost of health care
25 services through insurance.

26 (13) "Medicaid program" means the medical assistance
27 program established under Chapter 32, Human Resources Code.

1 (14) "Physician" means a person licensed to practice
2 medicine in this state under Subtitle B, Title 3, Occupations Code.

3 (15) "Potentially preventable admission" means an
4 admission of a person to a hospital or long-term care facility that
5 may have reasonably been prevented with adequate access to
6 ambulatory care or health care coordination.

7 (16) "Potentially preventable ancillary service"
8 means a health care service provided or ordered by a physician or
9 other health care provider to supplement or support the evaluation
10 or treatment of a patient, including a diagnostic test, laboratory
11 test, therapy service, or radiology service, that may not be
12 reasonably necessary for the provision of quality health care or
13 treatment.

14 (17) "Potentially preventable complication" means a
15 harmful event or negative outcome with respect to a person,
16 including an infection or surgical complication, that:

17 (A) occurs after the person's admission to a
18 hospital or long-term care facility; and

19 (B) may have resulted from the care, lack of
20 care, or treatment provided during the hospital or long-term care
21 facility stay rather than from a natural progression of an
22 underlying disease.

23 (18) "Potentially preventable event" means a
24 potentially preventable admission, a potentially preventable
25 ancillary service, a potentially preventable complication, a
26 potentially preventable emergency room visit, a potentially
27 preventable readmission, or a combination of those events.

1 (19) "Potentially preventable emergency room visit"
2 means treatment of a person in a hospital emergency room or
3 freestanding emergency medical care facility for a condition that
4 may not require emergency medical attention because the condition
5 could be, or could have been, treated or prevented by a physician or
6 other health care provider in a nonemergency setting.

7 (20) "Potentially preventable readmission" means a
8 return hospitalization of a person within a period specified by the
9 commission that may have resulted from deficiencies in the care or
10 treatment provided to the person during a previous hospital stay or
11 from deficiencies in post-hospital discharge follow-up. The term
12 does not include a hospital readmission necessitated by the
13 occurrence of unrelated events after the discharge. The term
14 includes the readmission of a person to a hospital for:

15 (A) the same condition or procedure for which the
16 person was previously admitted;

17 (B) an infection or other complication resulting
18 from care previously provided;

19 (C) a condition or procedure that indicates that
20 a surgical intervention performed during a previous admission was
21 unsuccessful in achieving the anticipated outcome; or

22 (D) another condition or procedure of a similar
23 nature, as determined by the executive commissioner after
24 consulting with the advisory committee.

25 (21) "Quality-based payment system" means a system for
26 compensating a physician or other health care provider, including
27 an alternative payment system, that provides incentives to the

1 physician or other health care provider for providing high-quality,
2 cost-effective care and bases some portion of the payment made to
3 the physician or other health care provider on quality of care
4 outcomes, which may include the extent to which the physician or
5 other health care provider reduces potentially preventable events.

6 Sec. 536.002. MEDICAID AND CHIP QUALITY-BASED PAYMENT
7 ADVISORY COMMITTEE. (a) The Medicaid and CHIP Quality-Based
8 Payment Advisory Committee is established to advise the commission
9 on establishing, for purposes of the child health plan and Medicaid
10 programs administered by the commission or a health and human
11 services agency:

12 (1) reimbursement systems used to compensate
13 physicians or other health care providers under those programs that
14 reward the provision of high-quality, cost-effective health care
15 and quality performance and quality of care outcomes with respect
16 to health care services;

17 (2) standards and benchmarks for quality performance,
18 quality of care outcomes, efficiency, and accountability by managed
19 care organizations and physicians and other health care providers;

20 (3) programs and reimbursement policies that
21 encourage high-quality, cost-effective health care delivery models
22 that increase appropriate provider collaboration, promote wellness
23 and prevention, and improve health outcomes; and

24 (4) outcome and process measures under Section
25 536.003.

26 (b) The executive commissioner shall appoint the members of
27 the advisory committee. The committee must consist of physicians

1 and other health care providers, representatives of health care
2 facilities, representatives of managed care organizations, and
3 other stakeholders interested in health care services provided in
4 this state, including:

5 (1) at least one member who is a physician with
6 clinical practice experience in obstetrics and gynecology;

7 (2) at least one member who is a physician with
8 clinical practice experience in pediatrics;

9 (3) at least one member who is a physician with
10 clinical practice experience in internal medicine or family
11 medicine;

12 (4) at least one member who is a physician with
13 clinical practice experience in geriatric medicine;

14 (5) at least one member who is or who represents a
15 health care provider that primarily provides long-term care
16 services;

17 (6) at least one member who is a consumer
18 representative; and

19 (7) at least one member who is a member of the Advisory
20 Panel on Health Care-Associated Infections and Preventable Adverse
21 Events who meets the qualifications prescribed by Section
22 98.052(a)(4), Health and Safety Code.

23 (c) The executive commissioner shall appoint the presiding
24 officer of the advisory committee.

25 Sec. 536.003. DEVELOPMENT OF QUALITY-BASED OUTCOME AND
26 PROCESS MEASURES. (a) The commission, in consultation with the
27 advisory committee, shall develop quality-based outcome and

1 process measures that promote the provision of efficient, quality
2 health care and that can be used in the child health plan and
3 Medicaid programs to implement quality-based payments for acute and
4 long-term care services across all delivery models and payment
5 systems, including fee-for-service and managed care payment
6 systems. The commission, in developing outcome measures under this
7 section, must consider measures addressing potentially preventable
8 events.

9 (b) To the extent feasible, the commission shall develop
10 outcome and process measures:

11 (1) consistently across all child health plan and
12 Medicaid program delivery models and payment systems;

13 (2) in a manner that takes into account appropriate
14 patient risk factors, including the burden of chronic illness on a
15 patient and the severity of a patient's illness;

16 (3) that will have the greatest effect on improving
17 quality of care and the efficient use of services; and

18 (4) that are similar to outcome and process measures
19 used in the private sector, as appropriate.

20 (c) The commission shall, to the extent feasible, align
21 outcome and process measures developed under this section with
22 measures required or recommended under reporting guidelines
23 established by the federal Centers for Medicare and Medicaid
24 Services, the Agency for Healthcare Research and Quality, or
25 another federal agency.

26 (d) The executive commissioner by rule may require managed
27 care organizations and physicians and other health care providers

1 participating in the child health plan and Medicaid programs to
2 report to the commission in a format specified by the executive
3 commissioner information necessary to develop outcome and process
4 measures under this section.

5 (e) If the commission increases physician and other health
6 care provider reimbursement rates under the child health plan or
7 Medicaid program as a result of an increase in the amounts
8 appropriated for the programs for a state fiscal biennium as
9 compared to the preceding state fiscal biennium, the commission
10 shall, to the extent permitted under federal law and to the extent
11 otherwise possible considering other relevant factors, correlate
12 the increased reimbursement rates with the quality-based outcome
13 and process measures developed under this section.

14 Sec. 536.004. DEVELOPMENT OF QUALITY-BASED PAYMENT
15 SYSTEMS. (a) Using quality-based outcome and process measures
16 developed under Section 536.003 and subject to this section, the
17 commission, after consulting with the advisory committee, shall
18 develop quality-based payment systems for compensating a physician
19 or other health care provider participating in the child health
20 plan or Medicaid program that:

21 (1) align payment incentives with high-quality,
22 cost-effective health care;

23 (2) reward the use of evidence-based best practices;

24 (3) promote the coordination of health care;

25 (4) encourage appropriate physician and other health
26 care provider collaboration;

27 (5) promote effective health care delivery models; and

1 (6) take into account the specific needs of the child
2 health plan program enrollee and Medicaid recipient populations.

3 (b) The commission shall develop quality-based payment
4 systems in the manner specified by this chapter. To the extent
5 necessary, the commission shall coordinate the timeline for the
6 development and implementation of a payment system with the
7 implementation of other initiatives such as the Medicaid
8 Information Technology Architecture (MITA) initiative of the
9 Center for Medicaid and State Operations, the ICD-10 code sets
10 initiative, or the ongoing Enterprise Data Warehouse (EDW) planning
11 process in order to maximize the receipt of federal funds or reduce
12 any administrative burden.

13 (c) In developing quality-based payment systems under this
14 chapter, the commission shall examine and consider implementing:

15 (1) an alternative payment system;

16 (2) any existing performance-based payment system
17 used under the Medicare program that meets the requirements of this
18 chapter, modified as necessary to account for programmatic
19 differences, if implementing the system would:

20 (A) reduce unnecessary administrative burdens;

21 and

22 (B) align quality-based payment incentives for
23 physicians and other health care providers with the Medicare
24 program; and

25 (3) alternative payment methodologies within the
26 system that are used in the Medicare program, modified as necessary
27 to account for programmatic differences, and that will achieve cost

1 savings and improve quality of care in the child health plan and
2 Medicaid programs.

3 (d) In developing quality-based payment systems under this
4 chapter, the commission shall ensure that a managed care
5 organization or physician or other health care provider will not be
6 rewarded by the system for withholding or delaying the provision of
7 medically necessary care.

8 (e) The commission may modify a quality-based payment
9 system developed under this chapter to account for programmatic
10 differences between the child health plan and Medicaid programs and
11 delivery systems under those programs.

12 Sec. 536.005. CONVERSION OF PAYMENT METHODOLOGY. (a) To
13 the extent possible, the commission shall convert hospital
14 reimbursement systems under the child health plan and Medicaid
15 programs to a diagnosis-related groups (DRG) methodology that will
16 allow the commission to more accurately classify specific patient
17 populations and account for severity of patient illness and
18 mortality risk.

19 (b) Subsection (a) does not authorize the commission to
20 direct a managed care organization to compensate physicians and
21 other health care providers providing services under the
22 organization's managed care plan based on a diagnosis-related
23 groups (DRG) methodology.

24 Sec. 536.006. TRANSPARENCY. The commission and the
25 advisory committee shall:

26 (1) ensure transparency in the development and
27 establishment of:

1 (A) quality-based payment and reimbursement
2 systems under Section 536.004 and Subchapters B, C, and D,
3 including the development of outcome and process measures under
4 Section 536.003; and

5 (B) quality-based payment initiatives under
6 Subchapter E, including the development of quality of care and
7 cost-efficiency benchmarks under Section 536.204(a) and efficiency
8 performance standards under Section 536.204(b);

9 (2) develop guidelines establishing procedures for
10 providing notice and information to, and receiving input from,
11 managed care organizations, health care providers, including
12 physicians and experts in the various medical specialty fields, and
13 other stakeholders, as appropriate, for purposes of developing and
14 establishing the quality-based payment and reimbursement systems
15 and initiatives described under Subdivision (1); and

16 (3) in developing and establishing the quality-based
17 payment and reimbursement systems and initiatives described under
18 Subdivision (1), consider that as the performance of a managed care
19 organization or physician or other health care provider improves
20 with respect to an outcome or process measure, quality of care and
21 cost-efficiency benchmark, or efficiency performance standard, as
22 applicable, there will be a diminishing rate of improved
23 performance over time.

24 Sec. 536.007. PERIODIC EVALUATION. (a) At least once each
25 two-year period, the commission shall evaluate the outcomes and
26 cost-effectiveness of any quality-based payment system or other
27 payment initiative implemented under this chapter.

1 (b) The commission shall:

2 (1) present the results of its evaluation under
3 Subsection (a) to the advisory committee for the committee's input
4 and recommendations; and

5 (2) provide a process by which managed care
6 organizations and physicians and other health care providers may
7 comment and provide input into the committee's recommendations
8 under Subdivision (1).

9 Sec. 536.008. ANNUAL REPORT. (a) The commission shall
10 submit an annual report to the legislature regarding:

11 (1) the quality-based outcome and process measures
12 developed under Section 536.003; and

13 (2) the progress of the implementation of
14 quality-based payment systems and other payment initiatives
15 implemented under this chapter.

16 (b) The commission shall report outcome and process
17 measures under Subsection (a)(1) by health care service region and
18 service delivery model.

20 SUBCHAPTER B. QUALITY-BASED PAYMENTS RELATING TO MANAGED CARE

21 ORGANIZATIONS

22 Sec. 536.051. DEVELOPMENT OF QUALITY-BASED PREMIUM
23 PAYMENTS; PERFORMANCE REPORTING. (a) Subject to Section
24 1903(m)(2)(A), Social Security Act (42 U.S.C. Section
25 1396b(m)(2)(A)), and other applicable federal law, the commission
26 shall base a percentage of the premiums paid to a managed care
27 organization participating in the child health plan or Medicaid

1 program on the organization's performance with respect to outcome
2 and process measures developed under Section 536.003, including
3 outcome measures addressing potentially preventable events.

4 (b) The commission shall make available information
5 relating to the performance of a managed care organization with
6 respect to outcome and process measures under this subchapter to
7 child health plan program enrollees and Medicaid recipients before
8 those enrollees and recipients choose their managed care plans.

9 Sec. 536.052. PAYMENT AND CONTRACT AWARD INCENTIVES FOR
10 MANAGED CARE ORGANIZATIONS. (a) The commission may allow a
11 managed care organization participating in the child health plan or
12 Medicaid program increased flexibility to implement quality
13 initiatives in a managed care plan offered by the organization,
14 including flexibility with respect to financial arrangements, in
15 order to:

16 (1) achieve high-quality, cost-effective health care;
17 (2) increase the use of high-quality, cost-effective
18 delivery models; and

19 (3) reduce potentially preventable events.

20 (b) The commission, after consulting with the advisory
21 committee, shall develop quality of care and cost-efficiency
22 benchmarks, including benchmarks based on a managed care
23 organization's performance with respect to reducing potentially
24 preventable events and containing the growth rate of health care
25 costs.

26 (c) The commission may include in a contract between a
27 managed care organization and the commission financial incentives

1 that are based on the organization's successful implementation of
2 quality initiatives under Subsection (a) or success in achieving
3 quality of care and cost-efficiency benchmarks under Subsection
4 (b).

5 (d) In awarding contracts to managed care organizations
6 under the child health plan and Medicaid programs, the commission
7 shall, in addition to considerations under Section 533.003 of this
8 code and Section 62.155, Health and Safety Code, give preference to
9 an organization that offers a managed care plan that successfully
10 implements quality initiatives under Subsection (a) as determined
11 by the commission based on data or other evidence provided by the
12 organization or meets quality of care and cost-efficiency
13 benchmarks under Subsection (b).

14 (e) The commission may implement financial incentives under
15 this section only if implementing the incentives would be
16 cost-effective.

17 [Sections 536.053-536.100 reserved for expansion]

18 SUBCHAPTER C. QUALITY-BASED HEALTH HOME PAYMENT SYSTEMS

19 Sec. 536.101. DEFINITIONS. In this subchapter:

20 (1) "Health home" means a primary care provider
21 practice or, if appropriate, a specialty care provider practice,
22 incorporating several features, including comprehensive care
23 coordination, family-centered care, and data management, that are
24 focused on improving outcome-based quality of care and increasing
25 patient and provider satisfaction under the child health plan and
26 Medicaid programs.

27 (2) "Participating enrollee" means a child health plan

1 program enrollee or Medicaid recipient who has a health home.

2 Sec. 536.102. QUALITY-BASED HEALTH HOME PAYMENTS.

3 (a) Subject to this subchapter, the commission, after consulting
4 with the advisory committee, may develop and implement
5 quality-based payment systems for health homes designed to improve
6 quality of care and reduce the provision of unnecessary medical
7 services. A quality-based payment system developed under this
8 section must:

9 (1) base payments made to a participating enrollee's
10 health home on quality and efficiency measures that may include
11 measurable wellness and prevention criteria and use of
12 evidence-based best practices, sharing a portion of any realized
13 cost savings achieved by the health home, and ensuring quality of
14 care outcomes, including a reduction in potentially preventable
15 events; and

16 (2) allow for the examination of measurable wellness
17 and prevention criteria, use of evidence-based best practices, and
18 quality of care outcomes based on the type of primary or specialty
19 care provider practice.

20 (b) The commission may develop a quality-based payment
21 system for health homes under this subchapter only if implementing
22 the system would be feasible and cost-effective.

23 Sec. 536.103. PROVIDER ELIGIBILITY. To be eligible to
24 receive reimbursement under a quality-based payment system under
25 this subchapter, a health home provider must:

26 (1) provide participating enrollees, directly or
27 indirectly, with access to health care services outside of regular

1 business hours;

2 (2) educate participating enrollees about the
3 availability of health care services outside of regular business
4 hours; and

5 (3) provide evidence satisfactory to the commission
6 that the provider meets the requirement of Subdivision (1).

7 [Sections 536.104-536.150 reserved for expansion]

8 SUBCHAPTER D. QUALITY-BASED HOSPITAL REIMBURSEMENT SYSTEM

9 Sec. 536.151 [531.913]. COLLECTION AND REPORTING OF
10 CERTAIN [HOSPITAL HEALTH] INFORMATION [EXCHANGE]. (a) [In this
11 section, "potentially preventable readmission" means a return
12 hospitalization of a person within a period specified by the
13 commission that results from deficiencies in the care or treatment
14 provided to the person during a previous hospital stay or from
15 deficiencies in post-hospital discharge follow-up. The term does
16 not include a hospital readmission necessitated by the occurrence
17 of unrelated events after the discharge. The term includes the
18 readmission of a person to a hospital for:

19 [(1) the same condition or procedure for which the
20 person was previously admitted,

21 [(2) an infection or other complication resulting from
22 care previously provided,

23 [(3) a condition or procedure that indicates that a
24 surgical intervention performed during a previous admission was
25 unsuccessful in achieving the anticipated outcome, or

26 [(4) another condition or procedure of a similar
27 nature, as determined by the executive commissioner.

1 ~~[(b)]~~ The executive commissioner shall adopt rules for
2 identifying potentially preventable readmissions of child health
3 plan program enrollees and Medicaid recipients and potentially
4 preventable complications experienced by child health plan program
5 enrollees and Medicaid recipients. The ~~[and the]~~ commission shall
6 collect ~~[exchange]~~ data from ~~[with]~~ hospitals on
7 present-on-admission indicators for purposes of this section.

8 **(b)** ~~[(c)]~~ The commission shall establish a ~~[health~~
9 ~~information exchange]~~ program to provide a ~~[exchange]~~ confidential
10 report to ~~[information with]~~ each hospital in this state that
11 participates in the child health plan or Medicaid program regarding
12 the hospital's performance with respect to potentially preventable
13 readmissions and potentially preventable complications. To the
14 extent possible, a report provided under this section should
15 include potentially preventable readmissions and potentially
16 preventable complications information across all child health plan
17 and Medicaid program payment systems. A hospital shall distribute
18 the information contained in the report ~~[received from the~~
19 ~~commission]~~ to physicians and other health care providers providing
20 services at the hospital.

21 **(c)** A report provided to a hospital under this section is
22 confidential and is not subject to Chapter 552.

23 Sec. 536.152. REIMBURSEMENT ADJUSTMENTS. (a) Subject to
24 Subsection (b), using the data collected under Section 536.151 and
25 the diagnosis-related groups (DRG) methodology implemented under
26 Section 536.005, the commission, after consulting with the advisory
27 committee, shall to the extent feasible adjust child health plan

1 and Medicaid reimbursements to hospitals, including payments made
2 under the disproportionate share hospitals and upper payment limit
3 supplemental payment programs, in a manner that may reward or
4 penalize a hospital based on the hospital's performance with
5 respect to exceeding, or failing to achieve, outcome and process
6 measures developed under Section 536.003 that address the rates of
7 potentially preventable readmissions and potentially preventable
8 complications.

9 (b) The commission must provide the report required under
10 Section 536.151(b) to a hospital at least one year before the
11 commission adjusts child health plan and Medicaid reimbursements to
12 the hospital under this section.

13 [Sections 536.153-536.200 reserved for expansion]

14 SUBCHAPTER E. QUALITY-BASED PAYMENT INITIATIVES

15 Sec. 536.201. DEFINITION. In this subchapter, "payment
16 initiative" means a quality-based payment initiative established
17 under this subchapter.

18 Sec. 536.202. PAYMENT INITIATIVES; DETERMINATION OF
19 BENEFIT TO STATE. (a) The commission shall, after consulting with
20 the advisory committee, establish payment initiatives to test the
21 effectiveness of quality-based payment systems, alternative
22 payment methodologies, and high-quality, cost-effective health
23 care delivery models that provide incentives to physicians and
24 other health care providers to develop health care interventions
25 for child health plan program enrollees or Medicaid recipients, or
26 both, that will:

27 (1) improve the quality of health care provided to the

1 enrollees or recipients;

2 (2) reduce potentially preventable events;

3 (3) promote prevention and wellness;

4 (4) increase the use of evidence-based best practices;

5 (5) increase appropriate physician and other health
6 care provider collaboration; and

7 (6) contain costs.

8 (b) The commission shall:

9 (1) establish a process by which managed care
10 organizations and physicians and other health care providers may
11 submit proposals for payment initiatives described by Subsection
12 (a); and

13 (2) determine whether it is feasible and
14 cost-effective to implement one or more of the proposed payment
15 initiatives.

16 Sec. 536.203. PURPOSE AND IMPLEMENTATION OF PAYMENT
17 INITIATIVES. (a) If the commission determines under Section
18 536.202 that implementation of one or more payment initiatives is
19 feasible and cost-effective for this state, the commission shall
20 establish one or more payment initiatives as provided by this
21 subchapter.

22 (b) The commission shall administer any payment initiative
23 established under this subchapter. The executive commissioner may
24 adopt rules, plans, and procedures and enter into contracts and
25 other agreements as the executive commissioner considers
26 appropriate and necessary to administer this subchapter.

27 (c) The commission may limit a payment initiative to:

1 (1) one or more regions in this state;

2 (2) one or more organized networks of physicians and
3 other health care providers; or

4 (3) specified types of services provided under the
5 child health plan or Medicaid program, or specified types of
6 enrollees or recipients under those programs.

7 (d) A payment initiative implemented under this subchapter
8 must be operated for at least one calendar year.

9 Sec. 536.204. STANDARDS; PROTOCOLS. (a) The executive
10 commissioner shall:

11 (1) consult with the advisory committee to develop
12 quality of care and cost-efficiency benchmarks and measurable goals
13 that a payment initiative must meet to ensure high-quality and
14 cost-effective health care services and healthy outcomes; and

15 (2) approve benchmarks and goals developed as provided
16 by Subdivision (1).

17 (b) In addition to the benchmarks and goals under Subsection
18 (a), the executive commissioner may approve efficiency performance
19 standards that may include the sharing of realized cost savings
20 with physicians and other health care providers who provide health
21 care services that exceed the efficiency performance standards.
22 The efficiency performance standards may not create any financial
23 incentive for or involve making a payment to a physician or other
24 health care provider that directly or indirectly induces the
25 limitation of medically necessary services.

26 Sec. 536.205. PAYMENT RATES UNDER PAYMENT INITIATIVES. The
27 executive commissioner may contract with appropriate entities,

1 including qualified actuaries, to assist in determining
2 appropriate payment rates for a payment initiative implemented
3 under this subchapter.

4 (b) The Health and Human Services Commission shall convert
5 the hospital reimbursement systems used under the child health plan
6 program under Chapter 62, Health and Safety Code, and medical
7 assistance program under Chapter 32, Human Resources Code, to the
8 diagnosis-related groups (DRG) methodology to the extent possible
9 as required by Section 536.005, Government Code, as added by this
10 section, as soon as practicable after the effective date of this
11 Act, but not later than:

12 (1) September 1, 2013, for reimbursements paid to
13 children's hospitals; and

14 (2) September 1, 2012, for reimbursements paid to
15 other hospitals under those programs.

16 (c) Not later than September 1, 2012, the Health and Human
17 Services Commission shall begin providing performance reports to
18 hospitals regarding the hospitals' performances with respect to
19 potentially preventable complications as required by Section
20 536.151, Government Code, as designated and amended by this
21 section.

22 (d) Subject to Subsection (b), Section 536.004, Government
23 Code, as added by this section, the Health and Human Services
24 Commission shall begin making adjustments to child health plan and
25 Medicaid reimbursements to hospitals as required by Section
26 536.152, Government Code, as added by this section:

27 (1) not later than September 1, 2012, based on the

1 hospitals' performances with respect to reducing potentially
2 preventable readmissions; and

3 (2) not later than September 1, 2013, based on the
4 hospitals' performances with respect to reducing potentially
5 preventable complications.

6 SECTION 1.14. (a) The heading to Section 531.912,
7 Government Code, is amended to read as follows:

8 Sec. 531.912. COMMON PERFORMANCE MEASUREMENTS AND
9 PAY-FOR-PERFORMANCE INCENTIVES FOR [~~QUALITY OF CARE HEALTH~~
10 ~~INFORMATION EXCHANGE WITH~~] CERTAIN NURSING FACILITIES.

11 (b) Subsections (b), (c), and (f), Section 531.912,
12 Government Code, are amended to read as follows:

13 (b) If feasible, the executive commissioner by rule may
14 [~~shall~~] establish an incentive payment program for [~~a quality of~~
15 ~~care health information exchange with~~] nursing facilities that
16 choose to participate. The [~~in a~~] program must be designed to
17 improve the quality of care and services provided to medical
18 assistance recipients. Subject to Subsection (f), the program may
19 provide incentive payments in accordance with this section to
20 encourage facilities to participate in the program.

21 (c) In establishing an incentive payment [~~a quality of care~~
22 ~~health information exchange~~] program under this section, the
23 executive commissioner shall, subject to Subsection (d), adopt
24 common [~~exchange information with participating nursing facilities~~
25 ~~regarding~~] performance measures to be used in evaluating nursing
26 facilities that are related to structure, process, and outcomes
27 that positively correlate to nursing facility quality and

1 improvement. The common performance measures:

2 (1) must be:

3 (A) recognized by the executive commissioner as
4 valid indicators of the overall quality of care received by medical
5 assistance recipients; and

6 (B) designed to encourage and reward
7 evidence-based practices among nursing facilities; and

8 (2) may include measures of:

9 (A) quality of care, as determined by clinical
10 performance ratings published by the federal Centers for Medicare
11 and Medicaid Services, the Agency for Healthcare Research and
12 Quality, or another federal agency [~~life~~];

13 (B) direct-care staff retention and turnover;

14 (C) recipient satisfaction, including the
15 satisfaction of recipients who are short-term and long-term
16 residents of facilities, and family satisfaction, as determined by
17 the Nursing Home Consumer Assessment of Health Providers and
18 Systems survey relied upon by the federal Centers for Medicare and
19 Medicaid Services;

20 (D) employee satisfaction and engagement;

21 (E) the incidence of preventable acute care
22 emergency room services use;

23 (F) regulatory compliance;

24 (G) level of person-centered care; and

25 (H) direct-care staff training, including a
26 facility's [~~level of occupancy or of facility~~] utilization of
27 independent distance learning programs for the continuous training

1 of direct-care staff.

2 (f) The commission may make incentive payments under the
3 program only if money is [~~specifically~~] appropriated for that
4 purpose.

5 (c) The Department of Aging and Disability Services shall
6 conduct a study to evaluate the feasibility of expanding any
7 incentive payment program established for nursing facilities under
8 Section 531.912, Government Code, as amended by this section, by
9 providing incentive payments for the following types of providers
10 of long-term care services, as defined by Section 22.0011, Human
11 Resources Code, under the medical assistance program:

12 (1) intermediate care facilities for persons with
13 mental retardation licensed under Chapter 252, Health and Safety
14 Code; and

15 (2) providers of home and community-based services, as
16 described by 42 U.S.C. Section 1396n(c), who are licensed or
17 otherwise authorized to provide those services in this state.

18 (d) Not later than September 1, 2012, the Department of
19 Aging and Disability Services shall submit to the legislature a
20 written report containing the findings of the study conducted under
21 Subsection (c) of this section and the department's
22 recommendations.

23 SECTION 1.15. Section 780.004, Health and Safety Code, is
24 amended by amending Subsection (a) and adding Subsection (j) to
25 read as follows:

26 (a) The commissioner:

27 (1) [~~7~~] with advice and counsel from the chairpersons

1 of the trauma service area regional advisory councils, shall use
2 money appropriated from the account established under this chapter
3 to fund designated trauma facilities, county and regional emergency
4 medical services, and trauma care systems in accordance with this
5 section; and

6 (2) after consulting with the executive commissioner
7 of the Health and Human Services Commission, may transfer to an
8 account in the general revenue fund money appropriated from the
9 account established under this chapter to maximize the receipt of
10 federal funds under the medical assistance program established
11 under Chapter 32, Human Resources Code, and to fund provider
12 reimbursement payments as provided by Subsection (j).

13 (j) Money in the account described by Subsection (a)(2) may
14 be appropriated only to the Health and Human Services Commission to
15 fund provider reimbursement payments under the medical assistance
16 program established under Chapter 32, Human Resources Code,
17 including reimbursement enhancements to the statewide dollar
18 amount (SDA) rate used to reimburse designated trauma hospitals
19 under the program.

20 SECTION 1.16. Subchapter B, Chapter 531, Government Code,
21 is amended by adding Section 531.0697 to read as follows:

22 Sec. 531.0697. PRIOR APPROVAL AND PROVIDER ACCESS TO
23 CERTAIN COMMUNICATIONS WITH CERTAIN RECIPIENTS. (a) This section
24 applies to:

25 (1) the vendor drug program for the Medicaid and child
26 health plan programs;

27 (2) the kidney health care program;

1 (3) the children with special health care needs
2 program; and

3 (4) any other state program administered by the
4 commission that provides prescription drug benefits.

5 (b) A managed care organization, including a health
6 maintenance organization, or a pharmacy benefit manager, that
7 administers claims for prescription drug benefits under a program
8 to which this section applies shall, at least 10 days before the
9 date the organization or pharmacy benefit manager intends to
10 deliver a communication to recipients collectively under a program:

11 (1) submit a copy of the communication to the
12 commission for approval; and

13 (2) if applicable, allow the pharmacy providers of
14 recipients who are to receive the communication access to the
15 communication.

16 SECTION 1.17. (a) Subchapter A, Chapter 61, Health and
17 Safety Code, is amended by adding Section 61.012 to read as follows:

18 Sec. 61.012. REIMBURSEMENT FOR SERVICES. (a) In this
19 section, "sponsored alien" means a person who has been lawfully
20 admitted to the United States for permanent residence under the
21 Immigration and Nationality Act (8 U.S.C. Section 1101 et seq.) and
22 who, as a condition of admission, was sponsored by a person who
23 executed an affidavit of support on behalf of the person.

24 (b) A public hospital or hospital district that provides
25 health care services to a sponsored alien under this chapter may
26 recover from a person who executed an affidavit of support on behalf
27 of the alien the costs of the health care services provided to the

1 alien.

2 (c) A public hospital or hospital district described by
3 Subsection (b) must notify a sponsored alien and a person who
4 executed an affidavit of support on behalf of the alien, at the time
5 the alien applies for health care services, that a person who
6 executed an affidavit of support on behalf of a sponsored alien is
7 liable for the cost of health care services provided to the alien.

8 (b) Section 61.012, Health and Safety Code, as added by this
9 section, applies only to health care services provided by a public
10 hospital or hospital district on or after the effective date of this
11 Act.

12 SECTION 1.18. Subchapter B, Chapter 531, Government Code,
13 is amended by adding Sections 531.024181 and 531.024182 to read as
14 follows:

15 Sec. 531.024181. VERIFICATION OF IMMIGRATION STATUS OF
16 APPLICANTS FOR CERTAIN BENEFITS WHO ARE QUALIFIED ALIENS.

17 (a) This section applies only with respect to the following
18 benefits programs:

19 (1) the child health plan program under Chapter 62,
20 Health and Safety Code;

21 (2) the financial assistance program under Chapter 31,
22 Human Resources Code;

23 (3) the medical assistance program under Chapter 32,
24 Human Resources Code; and

25 (4) the nutritional assistance program under Chapter
26 33, Human Resources Code.

27 (b) If, at the time of application for benefits under a

1 program to which this section applies, a person states that the
2 person is a qualified alien, as that term is defined by 8 U.S.C.
3 Section 1641(b), the commission shall, to the extent allowed by
4 federal law, verify information regarding the immigration status of
5 the person using an automated system or systems where available.

6 (c) The executive commissioner shall adopt rules necessary
7 to implement this section.

8 (d) Nothing in this section adds to or changes the
9 eligibility requirements for any of the benefits programs to which
10 this section applies.

11 Sec. 531.024182. VERIFICATION OF SPONSORSHIP INFORMATION
12 FOR CERTAIN BENEFITS RECIPIENTS; REIMBURSEMENT. (a) In this
13 section, "sponsored alien" means a person who has been lawfully
14 admitted to the United States for permanent residence under the
15 Immigration and Nationality Act (8 U.S.C. Section 1101 et seq.) and
16 who, as a condition of admission, was sponsored by a person who
17 executed an affidavit of support on behalf of the person.

18 (b) If, at the time of application for benefits, a person
19 stated that the person is a sponsored alien, the commission may, to
20 the extent allowed by federal law, verify information relating to
21 the sponsorship, using an automated system or systems where
22 available, after the person is determined eligible for and begins
23 receiving benefits under any of the following benefits programs:

24 (1) the child health plan program under Chapter 62,
25 Health and Safety Code;

26 (2) the financial assistance program under Chapter 31,
27 Human Resources Code;

1 (3) the medical assistance program under Chapter 32,
2 Human Resources Code; or

3 (4) the nutritional assistance program under Chapter
4 33, Human Resources Code.

5 (c) If the commission verifies that a person who receives
6 benefits under a program listed in Subsection (b) is a sponsored
7 alien, the commission may seek reimbursement from the person's
8 sponsor for benefits provided to the person under those programs to
9 the extent allowed by federal law, provided the commission
10 determines that seeking reimbursement is cost-effective.

11 (d) If, at the time a person applies for benefits under a
12 program listed in Subsection (b), the person states that the person
13 is a sponsored alien, the commission shall make a reasonable effort
14 to notify the person that the commission may seek reimbursement
15 from the person's sponsor for any benefits the person receives
16 under those programs.

17 (e) The executive commissioner shall adopt rules necessary
18 to implement this section, including rules that specify the most
19 cost-effective procedures by which the commission may seek
20 reimbursement under Subsection (c).

21 (f) Nothing in this section adds to or changes the
22 eligibility requirements for any of the benefits programs listed in
23 Subsection (b).

24 SECTION 1.19. Subchapter B, Chapter 32, Human Resources
25 Code, is amended by adding Section 32.0314 to read as follows:

26 Sec. 32.0314. REIMBURSEMENT FOR DURABLE MEDICAL EQUIPMENT
27 AND SUPPLIES. The executive commissioner of the Health and Human

1 Services Commission shall adopt rules requiring the electronic
2 submission of any claim for reimbursement for durable medical
3 equipment and supplies under the medical assistance program.

4 SECTION 1.20. (a) Subchapter A, Chapter 531, Government
5 Code, is amended by adding Section 531.0025 to read as follows:

6 Sec. 531.0025. RESTRICTIONS ON AWARDS TO FAMILY PLANNING
7 SERVICE PROVIDERS. (a) Notwithstanding any other law, money
8 appropriated to the Department of State Health Services for the
9 purpose of providing family planning services must be awarded:

10 (1) to eligible entities in the following order of
11 descending priority:

12 (A) public entities that provide family planning
13 services, including state, county, and local community health
14 clinics;

15 (B) nonpublic entities that provide
16 comprehensive primary and preventive care services in addition to
17 family planning services; and

18 (C) nonpublic entities that provide family
19 planning services but do not provide comprehensive primary and
20 preventive care services; or

21 (2) as otherwise directed by the legislature in the
22 General Appropriations Act.

23 (b) Notwithstanding Subsection (a), the Department of State
24 Health Services shall, in compliance with federal law, ensure
25 distribution of funds for family planning services in a manner that
26 does not severely limit or eliminate access to those services in any
27 region of the state.

1 (b) Section 32.024, Human Resources Code, is amended by
2 adding Subsection (c-1) to read as follows:

3 (c-1) The department shall ensure that money spent for
4 purposes of the demonstration project for women's health care
5 services under former Section 32.0248, Human Resources Code, or a
6 similar successor program is not used to perform or promote
7 elective abortions, or to contract with entities that perform or
8 promote elective abortions or affiliate with entities that perform
9 or promote elective abortions.

10 SECTION 1.21. If before implementing any provision of this
11 article a state agency determines that a waiver or authorization
12 from a federal agency is necessary for implementation of that
13 provision, the agency affected by the provision shall request the
14 waiver or authorization and may delay implementing that provision
15 until the waiver or authorization is granted.

16 ARTICLE 2. LEGISLATIVE FINDINGS AND INTENT; COMPLIANCE WITH
17 ANTITRUST LAWS

18 SECTION 2.01. (a) The legislature finds that it would
19 benefit the State of Texas to:

20 (1) explore innovative health care delivery and
21 payment models to improve the quality and efficiency of health care
22 in this state;

23 (2) improve health care transparency;

24 (3) give health care providers the flexibility to
25 collaborate and innovate to improve the quality and efficiency of
26 health care; and

27 (4) create incentives to improve the quality and

1 efficiency of health care.

2 (b) The legislature finds that the use of certified health
3 care collaboratives will increase pro-competitive effects as the
4 ability to compete on the basis of quality of care and the
5 furtherance of the quality of care through a health care
6 collaborative will overcome any anticompetitive effects of joining
7 competitors to create the health care collaboratives and the
8 payment mechanisms that will be used to encourage the furtherance
9 of quality of care. Consequently, the legislature finds it
10 appropriate and necessary to authorize health care collaboratives
11 to promote the efficiency and quality of health care.

12 (c) The legislature intends to exempt from antitrust laws
13 and provide immunity from federal antitrust laws through the state
14 action doctrine a health care collaborative that holds a
15 certificate of authority under Chapter 848, Insurance Code, as
16 added by Article 4 of this Act, and that collaborative's
17 negotiations of contracts with payors. The legislature does not
18 intend or authorize any person or entity to engage in activities or
19 to conspire to engage in activities that would constitute per se
20 violations of federal antitrust laws.

21 (d) The legislature intends to permit the use of alternative
22 payment mechanisms, including bundled or global payments and
23 quality-based payments, among physicians and other health care
24 providers participating in a health care collaborative that holds a
25 certificate of authority under Chapter 848, Insurance Code, as
26 added by Article 4 of this Act. The legislature intends to
27 authorize a health care collaborative to contract for and accept

1 payments from governmental and private payors based on alternative
2 payment mechanisms, and intends that the receipt and distribution
3 of payments to participating physicians and health care providers
4 is not a violation of any existing state law.

5 ARTICLE 3. TEXAS INSTITUTE OF HEALTH CARE QUALITY AND EFFICIENCY
6 SECTION 3.01. Title 12, Health and Safety Code, is amended
7 by adding Chapter 1002 to read as follows:

8 CHAPTER 1002. TEXAS INSTITUTE OF HEALTH CARE QUALITY AND

13 a health care service provided or ordered by a physician or other
14 health care provider to supplement or support the evaluation or
15 treatment of a patient, including a diagnostic test, laboratory
16 test, therapy service, or radiology service, that may not be
17 reasonably necessary for the provision of quality health care or
18 treatment.

19 (10) "Potentially preventable complication" means a
20 harmful event or negative outcome with respect to a person,
21 including an infection or surgical complication, that:

6 (12) "Potentially preventable emergency room visit"
7 means treatment of a person in a hospital emergency room or
8 freestanding emergency medical care facility for a condition that
9 may not require emergency medical attention because the condition
10 could be, or could have been, treated or prevented by a physician or
11 other health care provider in a nonemergency setting.

12 (13) "Potentially preventable readmission" means a
13 return hospitalization of a person within a period specified by the
14 commission that may have resulted from deficiencies in the care or
15 treatment provided to the person during a previous hospital stay or
16 from deficiencies in post-hospital discharge follow-up. The term
17 does not include a hospital readmission necessitated by the
18 occurrence of unrelated events after the discharge. The term
19 includes the readmission of a person to a hospital for:

20 (A) the same condition or procedure for which the
21 person was previously admitted;

22 (B) an infection or other complication resulting
23 from care previously provided; or

24 (C) a condition or procedure that indicates that
25 a surgical intervention performed during a previous admission was
26 unsuccessful in achieving the anticipated outcome.

27 Sec. 1002.002. ESTABLISHMENT; PURPOSE. The Texas Institute

1 of Health Care Quality and Efficiency is established to improve
2 health care quality, accountability, education, and cost
3 containment in this state by encouraging health care provider

22 Sec. 848.057. REQUIREMENTS FOR APPROVAL OF APPLICATION.

23 (a) The commissioner shall issue a certificate of authority on
24 payment of the application fee prescribed by Section 848.152 if the
25 commissioner is satisfied that:

1 (2) with respect to health care services to be
2 provided, the applicant:

21 patients receiving services provided through the organization;

22 (3) the applicant is in compliance with all rules

1 (5) the applicant's proposed health care collaborative
2 is not likely to reduce competition in any market for physician,
3 hospital, or ancillary health care services due to:

4 (A) the size of the health care collaborative; or

5 (B) the composition of the collaborative,
6 including the distribution of physicians by specialty within the
7 collaborative in relation to the number of competing health care
8 providers in the health care collaborative's geographic market; and

9 (6) the pro-competitive benefits of the applicant's
10 proposed health care collaborative are likely to substantially
11 outweigh the anticompetitive effects of any increase in market
12 power.

13 (b) A certificate of authority is effective for a period of
14 one year, subject to Section 848.060(d).

15 Sec. 848.058. DENIAL OF CERTIFICATE OF AUTHORITY. (a) The

17 commissioner determines that the applicant's proposed plan of

19 (b) If the commissioner denies an application for a
20 certificate of authority under Subsection (a), the commissioner
21 shall notify the applicant that the plan is deficient and specify
22 the deficiencies.

24 commissioner determines that an application for a certificate of
25 authority filed under Section 848.056 complies with the
26 requirements of Section 848.057, the commissioner shall forward the
27 application, and all data, documents, and analysis considered by

1 the commissioner in making the determination, to the attorney
2 general. The attorney general shall review the application and the

4 with the commissioner's determination under Sections 848.057(a)(5)
5 and (6), the attorney general shall notify the commissioner.

6 (b) If the attorney general does not concur with the
7 commissioner's determination under Sections 848.057(a)(5) and (6),
8 the attorney general shall notify the commissioner.

9 (c) A determination under this section shall be made not
10 later than the 60th day after the date the attorney general receives
11 the application and the data, documents, and analysis from the
12 commissioner.

13 (d) If the attorney general lacks sufficient information to
14 make a determination under Sections 848.057(a)(5) and (6), within
15 60 days of the attorney general's receipt of the application and the
16 data, documents, and analysis the attorney general shall inform the
17 commissioner that the attorney general lacks sufficient
18 information as well as what information the attorney general
19 requires. The commissioner shall then either provide the
20 additional information to the attorney general or request the
21 additional information from the applicant. The commissioner shall
22 promptly deliver any such additional information to the attorney
23 general. The attorney general shall then have 30 days from receipt
24 of the additional information to make a determination under
25 Subsection (a) or (b).

26 (e) If the attorney general notifies the commissioner that
27 the attorney general does not concur with the commissioner's

1 determination under Sections 848.057(a)(5) and (6), then,
2 notwithstanding any other provision of this subchapter, the
3 commissioner shall deny the application.

4 (f) In reviewing the commissioner's determination, the
5 attorney general shall consider the findings, conclusions, or
6 analyses contained in any other governmental entity's evaluation of
7 the health care collaborative.

8 (g) The attorney general at any time may request from the
9 commissioner additional time to consider an application under this
10 section. The commissioner shall grant the request and notify the
11 applicant of the request. A request by the attorney general or an
12 order by the commissioner granting a request under this section is
13 not subject to administrative or judicial review.

14 Sec. 848.060. RENEWAL OF CERTIFICATE OF AUTHORITY AND
15 DETERMINATION OF APPROVAL. (a) Not later than the 180th day
16 before the one-year anniversary of the date on which a health care
17 collaborative's certificate of authority was issued or most
18 recently renewed, the health care collaborative shall file with the

13 complaints filed with the health care collaborative under Section
14 848.107; and

15 (G) any other information required by the
16 commissioner.

17 (c) If a completed application for renewal is filed under
18 this section:

19 (1) the commissioner shall conduct a review under
20 Section 848.057 as if the application for renewal were a new
21 application, and, on approval by the commissioner, the attorney
22 general shall review the application under Section 848.059 as if
23 the application for renewal were a new application; and

24 (2) the commissioner shall renew or deny the renewal
25 of a certificate of authority at least 20 days before the one-year
26 anniversary of the date on which a health care collaborative's
27 certificate of authority was issued.

1 (d) If the commissioner does not act on a renewal
2 application before the one-year anniversary of the date on which a
3 health care collaborative's certificate of authority was issued or
4 renewed, the health care collaborative's certificate of authority
5 expires on the 90th day after the date of the one-year anniversary
6 unless the renewal of the certificate of authority or determination
7 of approval, as applicable, is approved before that date.

8 (e) A health care collaborative shall report to the
9 department a material change in the size or composition of the
10 collaborative. On receipt of a report under this subsection, the

2 (d) Except as provided by Subsection (f), on written consent
3 of a patient who was treated by a physician participating in a

2 Sec. 848.109. VALIDITY OF OPERATIONS AND TRADE PRACTICES OF
3 HEALTH CARE COLLABORATIVES. The operations and trade practices of
4 a health care collaborative that are consistent with the provisions
