the development of uniform licensing and contracting standards that would:

(1) apply to all contracts for the delivery of Section 1915(c) waiver program services;

(b) The department shall perform a utilization review of services in all Section 1915(c) waiver programs. The utilization review must include, at a minimum, reviewing program recipients' levels of care and any plans of care for those recipients that exceed service level thresholds established in the applicable waiver program guidelines.

SECTION 1.08. Subchapter D, Chapter 161, Human Resources Code, is amended by adding Section 161.086 to read as follows:

Sec. 161.086. ELECTRONIC VISIT VERIFICATION SYSTEM. If it is cost-effective, the department shall implement an electronic visit verification system under appropriate programs administered

(1) the provider's name;

(2) the recipient's name;

Each physician incentive program evaluated in the study must:

(1) be administered by a health maintenance organization participating in the STAR or STAR + PLUS Medicaid

managed care program; and

(2) provide incentives to primary care providers who attempt to reduce emergency room use for non-emergent conditions by recipients.

(b) The study conducted under Subsection (a) must evaluate:

(1) the cost-effectiveness of each component included in a physician incentive program; and

(b) In establishing the physician incentive program under Subsection (a), the executive commissioner may include only the program components identified as cost-effective in the study conducted under Section 531.086.

(c) If the physician incentive program includes the payment of an enhanced reimbursement rate for routine after-hours appointments, the executive commissioner shall implement controls

to ensure that the after-hours services billed are actually being provided outside of normal business hours.

(b) Section 32.0641, Human Resources Code, is amended to read as follows:

Sec. 32.0641. RECIPIENT ACCOUNTABILITY PROVISIONS; COST-SHARING REQUIREMENT TO IMPROVE APPROPRIATE UTILIZATION OF [~~COST SHARING FOR CERTAIN HIGH-COST MEDICAL~~] SERVICES. Section 1396 et seq.) and any other applicable law or regulation or under a federal waiver or other authorization, the executive commissioner of the Health and Human Services Commission shall adopt, after consulting with the Medicaid and CHIP Quality-Based Payment Advisory Committee established under Section 536.002, Government Code, cost-sharing provisions that encourage personal accountability and appropriate utilization of health care services, including a cost-sharing provision applicable to [~~require~~] a recipient who chooses to receive a nonemergency [~~a high-cost~~] medical service [~~provided~~] through a hospital emergency room [~~to pay a copayment, premium payment, or other cost-sharing payment for the high-cost medical service if:~~

[~~(1) the hospital from which the recipient seeks service:~~

[~~(A) performs an appropriate medical screening and determines that the recipient does not have a condition requiring emergency medical services;~~

[~~(B) informs the recipient:~~

[~~(i) that the recipient does not have a condition requiring emergency medical services;~~

[~~(ii) that, if the hospital provides the nonemergency service, the hospital may require payment of a copayment, premium payment, or other cost-sharing payment by the recipient in advance; and~~

[~~(iii) of the name and address of a nonemergency Medicaid provider who can provide the appropriate medical service without imposing a cost-sharing payment; and~~

[~~(C) offers to provide the recipient with a referral to the nonemergency provider to facilitate scheduling of the service; and~~

(b) The department may not seek a federal waiver or other authorization under this section [~~Subsection (a)~~] that would:

(1) prevent a Medicaid recipient who has a condition requiring emergency medical services from receiving care through a hospital emergency room; or

(2) waive any provision under Section 1867, Social Security Act (42 U.S.C. Section 1395dd).

[~~(c) If the executive commissioner of the Health and Human Services Commission adopts a copayment or other cost-sharing payment under Subsection (a), the commission may not reduce~~

~~hospital payments to reflect the potential receipt of a copayment or other payment from a recipient receiving medical services provided through a hospital emergency room.~~]

SECTION 1.11. Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.024131 to read as follows:

(2) expand any other billing coordination tools and resources used to process claims for health care services provided through the Medicaid program to process claims for services provided through other benefits programs administered by the commission or a health and human services agency; and

(3) expand the scope of persons about whom information is collected under Section 32.042, Human Resources Code, to include recipients of services provided through other benefits programs administered by the commission or a health and human services agency.

(b) Notwithstanding any other state law, each health and human services agency shall provide the commission with any information necessary to allow the commission or the commission's designee to perform the billing coordination and information

collection activities authorized by this section.

SECTION 1.12. (a) Subsections (b), (c), and (d), Section 531.502, Government Code, are amended to read as follows:

(c) The commission shall seek to optimize federal funding by:

(1) identifying health care related state and local funds and program expenditures that, before September 1, 2011 [~~2007~~], are not being matched with federal money; and

(2) exploring the feasibility of:

(A) certifying or otherwise using those funds and expenditures as state expenditures for which this state may receive federal matching money; and

(B) depositing federal matching money received as provided by Paragraph (A) with other federal money deposited as provided by Section 531.504, or substituting that federal matching money for federal money that otherwise would be received under the disproportionate share hospitals and upper payment limit supplemental payment programs as a match for local funds received by this state through intergovernmental transfers.

(d) The terms of a waiver approved under this section must:

(1) include safeguards to ensure that the total amount of federal money provided under the disproportionate share hospitals or [~~and~~] upper payment limit supplemental payment program [~~programs~~] that is deposited as provided by Section 531.504 is, for a particular state fiscal year, at least equal to the greater of the annualized amount provided to this state under those supplemental payment programs during state fiscal year 2011 [~~2007~~], excluding amounts provided during that state fiscal year that are retroactive payments, or the state fiscal years during which the waiver is in effect; and

(2) allow for the development by this state of a methodology for allocating money in the fund to:

(A) be used to supplement Medicaid hospital reimbursements under a waiver that includes terms that are consistent with, or that produce revenues consistent with, disproportionate share hospital and upper payment limit principles

[~~offset, in part, the uncompensated health care costs incurred by hospitals~~];

(B) reduce the number of persons in this state who do not have health benefits coverage; and

(C) maintain and enhance the community public health infrastructure provided by hospitals.

(b) Section 531.504, Government Code, is amended to read as follows:

Sec. 531.504. DEPOSITS TO FUND. (a) The comptroller shall deposit in the fund:

(1) [~~all~~] federal money provided to this state under the disproportionate share hospitals supplemental payment program or [~~and~~] the hospital upper payment limit supplemental payment program, or both, other than money provided under those programs to state-owned and operated hospitals, and all other non-supplemental payment program federal money provided to this state that is included in the waiver authorized by Section 531.502; and

(2) state money appropriated to the fund.

(b) The commission and comptroller may accept gifts, grants, and donations from any source, and receive intergovernmental transfers, for purposes consistent with this subchapter and the terms of the waiver. The comptroller shall deposit a gift, grant, or donation made for those purposes in the fund. Any intergovernmental transfer received, including associated federal matching funds, shall be used, if feasible, for the purposes intended by the transferring entity and in accordance with the terms of the waiver.

(c) Section 531.508, Government Code, is amended by adding Subsection (d) to read as follows:

(d) Money from the fund may not be used to finance the construction, improvement, or renovation of a building or land unless the construction, improvement, or renovation is approved by the commission, according to rules adopted by the executive commissioner for that purpose.

(d) Subsection (g), Section 531.502, Government Code, is repealed.

SECTION 1.13. (a) Subtitle I, Title 4, Government Code, is amended by adding Chapter 536, and Section 531.913, Government Code, is transferred to Subchapter D, Chapter 536, Government Code, redesignated as Section 536.151, Government Code, and amended to read as follows:

(A) the same condition or procedure for which the person was previously admitted;

(B) an infection or other complication resulting from care previously provided;

(C) a condition or procedure that indicates that a surgical intervention performed during a previous admission was unsuccessful in achieving the anticipated outcome; or

(21) "Quality-based payment system" means a system for compensating a physician or other health care provider, including an alternative payment system, that provides incentives to the physician or other health care provider for providing high-quality,

cost-effective care and bases some portion of the payment made to the physician or other health care provider on quality of care outcomes, which may include the extent to which the physician or other health care provider reduces potentially preventable events.

Sec. 536.002. MEDICAID AND CHIP QUALITY-BASED PAYMENT ADVISORY COMMITTEE. (a) The Medicaid and CHIP Quality-Based Payment Advisory Committee is established to advise the commission on establishing, for purposes of the child health plan and Medicaid programs administered by the commission or a health and human services agency:

(1) reimbursement systems used to compensate physicians or other health care providers under those programs that reward the provision of high-quality, cost-effective health care and quality performance and quality of care outcomes with respect to health care services;

(2) standards and benchmarks for quality performance, quality of care outcomes, efficiency, and accountability by managed care organizations and physicians and other health care providers;

(3) programs and reimbursement policies that encourage high-quality, cost-effective health care delivery models that increase appropriate provider collaboration, promote wellness and prevention, and improve health outcomes; and

(4) outcome and process measures under Section 536.003.

(b) The executive commissioner shall appoint the members of the advisory committee. The committee must consist of physicians and other health care providers, representatives of health care

facilities, representatives of managed care organizations, and other stakeholders interested in health care services provided in this state, including:

(1) at least one member who is a physician with clinical practice experience in obstetrics and gynecology;

(2) at least one member who is a physician with clinical practice experience in pediatrics;

(3) at least one member who is a physician with clinical practice experience in internal medicine or family medicine;

(7) at least one member who is a member of the Advisory Panel on Health Care-Associated Infections and Preventable Adverse Events who meets the qualifications prescribed by Section 98.052(a)(4), Health and Safety Code.

(c) The executive commissioner shall appoint the presiding officer of the advisory committee.

Sec. 536.003. DEVELOPMENT OF QUALITY-BASED OUTCOME AND PROCESS MEASURES. (a) The commission, in consultation with the advisory committee, shall develop quality-based outcome and process measures that promote the provision of efficient, quality

health care and that can be used in the child health plan and Medicaid programs to implement quality-based payments for acute and long-term care services across all delivery models and payment systems, including fee-for-service and managed care payment systems. The commission, in developing outcome measures under this section, must consider measures addressing potentially preventable events.

(b) To the extent feasible, the commission shall develop outcome and process measures:

(1) consistently across all child health plan and Medicaid program delivery models and payment systems;

(2) in a manner that takes into account appropriate patient risk factors, including the burden of chronic illness on a patient and the severity of a patient's illness;

(3) that will have the greatest effect on improving quality of care and the efficient use of services; and

(4) that are similar to outcome and process measures used in the private sector, as appropriate.

(c) The commission shall, to the extent feasible, align outcome and process measures developed under this section with measures required or recommended under reporting guidelines established by the federal Centers for Medicare and Medicaid Services, the Agency for Healthcare Research and Quality, or another federal agency.

(d) The executive commissioner by rule may require managed care organizations and physicians and other health care providers participating in the child health plan and Medicaid programs to

report to the commission in a format specified by the executive commissioner information necessary to develop outcome and process measures under this section.

(e) If the commission increases physician and other health care provider reimbursement rates under the child health plan or Medicaid program as a result of an increase in the amounts appropriated for the programs for a state fiscal biennium as compared to the preceding state fiscal biennium, the commission shall, to the extent permitted under federal law and to the extent otherwise possible considering other relevant factors, correlate the increased reimbursement rates with the quality-based outcome and process measures developed under this section.

Sec. 536.004. DEVELOPMENT OF QUALITY-BASED PAYMENT SYSTEMS. (a) Using quality-based outcome and process measures developed under Section 536.003 and subject to this section, the commission, after consulting with the advisory committee, shall develop quality-based payment systems for compensating a physician or other health care provider participating in the child health plan or Medicaid program that:

(1) align payment incentives with high-quality, cost-effective health care;

(2) reward the use of evidence-based best practices;

(3) promote the coordination of health care;

(4) encourage appropriate physician and other health care provider collaboration;

(5) promote effective health care delivery models; and

(6) take into account the specific needs of the child

health plan program enrollee and Medicaid recipient populations.

(b) The commission shall develop quality-based payment systems in the manner specified by this chapter. To the extent necessary, the commission shall coordinate the timeline for the development and implementation of a payment system with the implementation of other initiatives such as the Medicaid Information Technology Architecture (MITA) initiative of the Center for Medicaid and State Operations, the ICD-10 code sets initiative, or the ongoing Enterprise Data Warehouse (EDW) planning process in order to maximize the receipt of federal funds or reduce any administrative burden.

(c) In developing quality-based payment systems under this chapter, the commission shall examine and consider implementing:

(1) an alternative payment system;

(2) any existing performance-based payment system used under the Medicare program that meets the requirements of this chapter, modified as necessary to account for programmatic differences, if implementing the system would:

(A) reduce unnecessary administrative burdens; and

(B) align quality-based payment incentives for physicians and other health care providers with the Medicare program; and

(3) alternative payment methodologies within the system that are used in the Medicare program, modified as necessary to account for programmatic differences, and that will achieve cost savings and improve quality of care in the child health plan and

Medicaid programs.

(d) In developing quality-based payment systems under this chapter, the commission shall ensure that a managed care organization or physician or other health care provider will not be rewarded by the system for withholding or delaying the provision of medically necessary care.

(e) The commission may modify a quality-based payment system developed under this chapter to account for programmatic differences between the child health plan and Medicaid programs and delivery systems under those programs.

Sec. 536.005. CONVERSION OF PAYMENT METHODOLOGY. (a) To the extent possible, the commission shall convert hospital reimbursement systems under the child health plan and Medicaid programs to a diagnosis-related groups (DRG) methodology that will allow the commission to more accurately classify specific patient populations and account for severity of patient illness and mortality risk.

(b) Subsection (a) does not authorize the commission to direct a managed care organization to compensate physicians and other health care providers providing services under the organization's managed care plan based on a diagnosis-related groups (DRG) methodology.

Sec. 536.006. TRANSPARENCY. The commission and the advisory committee shall:

(1) ensure transparency in the development and establishment of:

(A) quality-based payment and reimbursement

systems under Section 536.004 and Subchapters B, C, and D, including the development of outcome and process measures under Section 536.003; and

(B) quality-based payment initiatives under Subchapter E, including the development of quality of care and cost-efficiency benchmarks under Section 536.204(a) and efficiency performance standards under Section 536.204(b);

(2) develop guidelines establishing procedures for providing notice and information to, and receiving input from, managed care organizations, health care providers, including physicians and experts in the various medical specialty fields, and other stakeholders, as appropriate, for purposes of developing and establishing the quality-based payment and reimbursement systems and initiatives described under Subdivision (1); and

(3) in developing and establishing the quality-based payment and reimbursement systems and initiatives described under Subdivision (1), consider that as the performance of a managed care organization or physician or other health care provider improves with respect to an outcome or process measure, quality of care and cost-efficiency benchmark, or efficiency performance standard, as applicable, there will be a diminishing rate of improved performance over time.

Sec. 536.007. PERIODIC EVALUATION. (a) At least once each two-year period, the commission shall evaluate the outcomes and cost-effectiveness of any quality-based payment system or other payment initiative implemented under this chapter.

(b) The commission shall:

(1) present the results of its evaluation under Subsection (a) to the advisory committee for the committee's input and recommendations; and

(2) provide a process by which managed care organizations and physicians and other health care providers may comment and provide input into the committee's recommendations under Subdivision (1).

Sec. 536.008. ANNUAL REPORT. (a) The commission shall submit an annual report to the legislature regarding:

(1) the quality-based outcome and process measures developed under Section 536.003; and

(2) the progress of the implementation of quality-based payment systems and other payment initiatives implemented under this chapter.

(b) The commission shall report outcome and process measures under Subsection (a)(1) by health care service region and service delivery model.

Section 1396b(m)(2)(A)), and other applicable federal law, the commission shall base a percentage of the premiums paid to a managed care organization participating in the child health plan or Medicaid program on the organization's performance with respect to outcome

and process measures developed under Section 536.003, including outcome measures addressing potentially preventable events.

(b) The commission shall make available information relating to the performance of a managed care organization with respect to outcome and process measures under this subchapter to child health plan program enrollees and Medicaid recipients before those enrollees and recipients choose their managed care plans.

Sec. 536.052. PAYMENT AND CONTRACT AWARD INCENTIVES FOR MANAGED CARE ORGANIZATIONS. (a) The commission may allow a managed care organization participating in the child health plan or Medicaid program increased flexibility to implement quality initiatives in a managed care plan offered by the organization, including flexibility with respect to financial arrangements, in order to:

(1) achieve high-quality, cost-effective health care;

(2) increase the use of high-quality, cost-effective delivery models; and

(3) reduce potentially preventable events.

(b) The commission, after consulting with the advisory committee, shall develop quality of care and cost-efficiency benchmarks, including benchmarks based on a managed care organization's performance with respect to reducing potentially preventable events and containing the growth rate of health care costs.

(c) The commission may include in a contract between a managed care organization and the commission financial incentives that are based on the organization's successful implementation of

quality initiatives under Subsection (a) or success in achieving quality of care and cost-efficiency benchmarks under Subsection (b).

(d) In awarding contracts to managed care organizations under the child health plan and Medicaid programs, the commission shall, in addition to considerations under Section 533.003 of this code and Section 62.155, Health and Safety Code, give preference to an organization that offers a managed care plan that successfully implements quality initiatives under Subsection (a) as determined by the commission based on data or other evidence provided by the organization or meets quality of care and cost-efficiency benchmarks under Subsection (b).

(e) The commission may implement financial incentives under this section only if implementing the incentives would be cost-effective.

SUBCHAPTER C. QUALITY-BASED HEALTH HOME PAYMENT SYSTEMS

Sec. 536.101. DEFINITIONS. In this subchapter:

(1) "Health home" means a primary care provider practice or, if appropriate, a specialty care provider practice, incorporating several features, including comprehensive care coordination, family-centered care, and data management, that are focused on improving outcome-based quality of care and increasing patient and provider satisfaction under the child health plan and Medicaid programs.

Sec. 536.102. QUALITY-BASED HEALTH HOME PAYMENTS. (a) Subject to this subchapter, the commission, after consulting with the advisory committee, may develop and implement quality-based payment systems for health homes designed to improve quality of care and reduce the provision of unnecessary medical services. A quality-based payment system developed under this section must:

(1) base payments made to a participating enrollee's health home on quality and efficiency measures that may include measurable wellness and prevention criteria and use of evidence-based best practices, sharing a portion of any realized cost savings achieved by the health home, and ensuring quality of care outcomes, including a reduction in potentially preventable events; and

(2) allow for the examination of measurable wellness and prevention criteria, use of evidence-based best practices, and quality of care outcomes based on the type of primary or specialty care provider practice.

(b) The commission may develop a quality-based payment system for health homes under this subchapter only if implementing the system would be feasible and cost-effective.

Sec. 536.103. PROVIDER ELIGIBILITY. To be eligible to receive reimbursement under a quality-based payment system under this subchapter, a health home provider must:

(1) provide participating enrollees, directly or indirectly, with access to health care services outside of regular business hours;

SUBCHAPTER D. QUALITY-BASED HOSPITAL REIMBURSEMENT SYSTEM

Sec. 536.151 [~~531.913~~]. COLLECTION AND REPORTING OF CERTAIN [~~HOSPITAL HEALTH~~] INFORMATION [~~EXCHANGE~~]. (a) [~~In this section, "potentially preventable readmission" means a return hospitalization of a person within a period specified by the commission that results from deficiencies in the care or treatment provided to the person during a previous hospital stay or from deficiencies in post-hospital discharge follow-up. The term does not include a hospital readmission necessitated by the occurrence of unrelated events after the discharge. The term includes the readmission of a person to a hospital for:~~

[~~(1) the same condition or procedure for which the person was previously admitted;~~

[~~(2) an infection or other complication resulting from care previously provided;~~

[~~(3) a condition or procedure that indicates that a surgical intervention performed during a previous admission was unsuccessful in achieving the anticipated outcome; or~~

[~~(4) another condition or procedure of a similar nature, as determined by the executive commissioner.~~

[~~(b)~~] The executive commissioner shall adopt rules for

identifying potentially preventable readmissions of child health plan program enrollees and Medicaid recipients and potentially preventable complications experienced by child health plan program enrollees and Medicaid recipients. The [~~and the~~] commission shall collect [~~exchange~~] data from [~~with~~] hospitals on present-on-admission indicators for purposes of this section.

(b) [~~(c)~~] The commission shall establish a [~~health information exchange~~] program to provide a [~~exchange~~] confidential report to [~~information with~~] each hospital in this state that participates in the child health plan or Medicaid program regarding the hospital's performance with respect to potentially preventable readmissions and potentially preventable complications. To the extent possible, a report provided under this section should include potentially preventable readmissions and potentially preventable complications information across all child health plan and Medicaid program payment systems. A hospital shall distribute the information contained in the report [~~received from the commission~~] to physicians and other health care providers providing services at the hospital.

(c) A report provided to a hospital under this section is confidential and is not subject to Chapter 552.

Sec. 536.152. REIMBURSEMENT ADJUSTMENTS. (a) Subject to Subsection (b), using the data collected under Section 536.151 and the diagnosis-related groups (DRG) methodology implemented under Section 536.005, the commission, after consulting with the advisory committee, shall to the extent feasible adjust child health plan and Medicaid reimbursements to hospitals, including payments made

under the disproportionate share hospitals and upper payment limit supplemental payment programs, in a manner that may reward or penalize a hospital based on the hospital's performance with respect to exceeding, or failing to achieve, outcome and process measures developed under Section 536.003 that address the rates of potentially preventable readmissions and potentially preventable complications.

(b) The commission must provide the report required under Section 536.151(b) to a hospital at least one year before the commission adjusts child health plan and Medicaid reimbursements to the hospital under this section.

[Sections 536.153-536.200 reserved for expansion]

SUBCHAPTER E. QUALITY-BASED PAYMENT INITIATIVES

Sec. 536.201. DEFINITION. In this subchapter, "payment initiative" means a quality-based payment initiative established under this subchapter.

Sec. 536.202. PAYMENT INITIATIVES; DETERMINATION OF BENEFIT TO STATE. (a) The commission shall, after consulting with the advisory committee, establish payment initiatives to test the effectiveness of quality-based payment systems, alternative payment methodologies, and high-quality, cost-effective health care delivery models that provide incentives to physicians and other health care providers to develop health care interventions for child health plan program enrollees or Medicaid recipients, or both, that will:

(1) improve the quality of health care provided to the enrollees or recipients;

(2) reduce potentially preventable events;

(3) promote prevention and wellness;

(4) increase the use of evidence-based best practices;

(5) increase appropriate physician and other health care provider collaboration; and

(6) contain costs.

(b) The commission shall:

(1) establish a process by which managed care organizations and physicians and other health care providers may submit proposals for payment initiatives described by Subsection (a); and

(2) determine whether it is feasible and cost-effective to implement one or more of the proposed payment initiatives.

Sec. 536.203. PURPOSE AND IMPLEMENTATION OF PAYMENT INITIATIVES. (a) If the commission determines under Section 536.202 that implementation of one or more payment initiatives is feasible and cost-effective for this state, the commission shall establish one or more payment initiatives as provided by this subchapter.

(b) The commission shall administer any payment initiative established under this subchapter. The executive commissioner may adopt rules, plans, and procedures and enter into contracts and other agreements as the executive commissioner considers appropriate and necessary to administer this subchapter.

(c) The commission may limit a payment initiative to:

(1) one or more regions in this state;

(2) one or more organized networks of physicians and other health care providers; or

(3) specified types of services provided under the child health plan or Medicaid program, or specified types of enrollees or recipients under those programs.

(d) A payment initiative implemented under this subchapter must be operated for at least one calendar year.

Sec. 536.204. STANDARDS; PROTOCOLS. (a) The executive commissioner shall:

(1) consult with the advisory committee to develop quality of care and cost-efficiency benchmarks and measurable goals that a payment initiative must meet to ensure high-quality and cost-effective health care services and healthy outcomes; and

(2) approve benchmarks and goals developed as provided by Subdivision (1).

(b) In addition to the benchmarks and goals under Subsection (a), the executive commissioner may approve efficiency performance standards that may include the sharing of realized cost savings with physicians and other health care providers who provide health care services that exceed the efficiency performance standards. The efficiency performance standards may not create any financial incentive for or involve making a payment to a physician or other health care provider that directly or indirectly induces the limitation of medically necessary services.

Sec. 536.205. PAYMENT RATES UNDER PAYMENT INITIATIVES. The executive commissioner may contract with appropriate entities, including qualified actuaries, to assist in determining

appropriate payment rates for a payment initiative implemented under this subchapter.

(b) The Health and Human Services Commission shall convert the hospital reimbursement systems used under the child health plan program under Chapter 62, Health and Safety Code, and medical assistance program under Chapter 32, Human Resources Code, to the diagnosis-related groups (DRG) methodology to the extent possible as required by Section 536.005, Government Code, as added by this section, as soon as practicable after the effective date of this Act, but not later than:

(1) September 1, 2013, for reimbursements paid to children's hospitals; and

(2) September 1, 2012, for reimbursements paid to other hospitals under those programs.

(c) Not later than September 1, 2012, the Health and Human Services Commission shall begin providing performance reports to hospitals regarding the hospitals' performances with respect to potentially preventable complications as required by Section 536.151, Government Code, as designated and amended by this section.

(d) Subject to Section 536.004(b), Government Code, as added by this section, the Health and Human Services Commission shall begin making adjustments to child health plan and Medicaid reimbursements to hospitals as required by Section 536.152, Government Code, as added by this section:

(1) not later than September 1, 2012, based on the hospitals' performances with respect to reducing potentially

preventable readmissions; and

(2) not later than September 1, 2013, based on the hospitals' performances with respect to reducing potentially preventable complications.

SECTION 1.14. (a) The heading to Section 531.912, Government Code, is amended to read as follows:

Sec. 531.912. COMMON PERFORMANCE MEASUREMENTS AND PAY-FOR-PERFORMANCE INCENTIVES FOR [~~QUALITY OF CARE HEALTH INFORMATION EXCHANGE WITH~~] CERTAIN NURSING FACILITIES.

(b) Subsections (b), (c), and (f), Section 531.912, Government Code, are amended to read as follows:

(b) If feasible, the executive commissioner by rule may [~~shall~~] establish an incentive payment program for [~~a quality of care health information exchange with~~] nursing facilities that choose to participate. The [~~in a~~] program must be designed to improve the quality of care and services provided to medical assistance recipients. Subject to Subsection (f), the program may provide incentive payments in accordance with this section to encourage facilities to participate in the program.

(c) In establishing an incentive payment [~~a quality of care health information exchange~~] program under this section, the executive commissioner shall, subject to Subsection (d), adopt common [~~exchange information with participating nursing facilities regarding~~] performance measures to be used in evaluating nursing facilities that are related to structure, process, and outcomes that positively correlate to nursing facility quality and improvement. The common performance measures:

(1) must be:

(A) recognized by the executive commissioner as valid indicators of the overall quality of care received by medical assistance recipients; and

(B) designed to encourage and reward evidence-based practices among nursing facilities; and

(2) may include measures of:

(A) quality of care, as determined by clinical performance ratings published by the federal Centers for Medicare and Medicaid Services, the Agency for Healthcare Research and Quality, or another federal agency [~~life~~];

(B) direct-care staff retention and turnover;

(F) regulatory compliance;

(G) level of person-centered care; and

(H) direct-care staff training, including a facility's [~~level of occupancy or of facility~~] utilization of independent distance learning programs for the continuous training of direct-care staff.

(f) The commission may make incentive payments under the program only if money is [~~specifically~~] appropriated for that purpose.

(c) The Department of Aging and Disability Services shall conduct a study to evaluate the feasibility of expanding any incentive payment program established for nursing facilities under Section 531.912, Government Code, as amended by this section, by providing incentive payments for the following types of providers of long-term care services, as defined by Section 22.0011, Human Resources Code, under the medical assistance program:

(1) intermediate care facilities for persons with mental retardation licensed under Chapter 252, Health and Safety Code; and

money appropriated from the account established under this chapter to fund designated trauma facilities, county and regional emergency medical services, and trauma care systems in accordance with this section; and

(2) after consulting with the executive commissioner of the Health and Human Services Commission, may transfer to an account in the general revenue fund money appropriated from the account established under this chapter to maximize the receipt of federal funds under the medical assistance program established under Chapter 32, Human Resources Code, and to fund provider reimbursement payments as provided by Subsection (j).

(j) Money in the account described by Subsection (a)(2) may be appropriated only to the Health and Human Services Commission to fund provider reimbursement payments under the medical assistance program established under Chapter 32, Human Resources Code, including reimbursement enhancements to the statewide dollar amount (SDA) rate used to reimburse designated trauma hospitals under the program.

SECTION 1.16. Subchapter B, Chapter 531, Government Code, is amended by adding Section 531.0697 to read as follows:

(1) the vendor drug program for the Medicaid and child health plan programs;

(2) the kidney health care program;

(3) the children with special health care needs

program; and

(b) A managed care organization, including a health maintenance organization, or a pharmacy benefit manager, that administers claims for prescription drug benefits under a program to which this section applies shall, at least 10 days before the date the organization or pharmacy benefit manager intends to deliver a communication to recipients collectively under a program:

(1) submit a copy of the communication to the commission for approval; and

(2) if applicable, allow the pharmacy providers of recipients who are to receive the communication access to the communication.

SECTION 1.17. (a) Subchapter A, Chapter 61, Health and Safety Code, is amended by adding Section 61.012 to read as follows:

(b) A public hospital or hospital district that provides health care services to a sponsored alien under this chapter may recover from a person who executed an affidavit of support on behalf of the alien the costs of the health care services provided to the alien.

(c) A public hospital or hospital district described by Subsection (b) must notify a sponsored alien and a person who executed an affidavit of support on behalf of the alien, at the time the alien applies for health care services, that a person who executed an affidavit of support on behalf of a sponsored alien is liable for the cost of health care services provided to the alien.

(b) Section 61.012, Health and Safety Code, as added by this section, applies only to health care services provided by a public hospital or hospital district on or after the effective date of this Act.

SECTION 1.18. Subchapter B, Chapter 531, Government Code, is amended by adding Sections 531.024181 and 531.024182 to read as follows:

(c) The executive commissioner shall adopt rules necessary to implement this section.

(d) Nothing in this section adds to or changes the eligibility requirements for any of the benefits programs to which this section applies.

(a) In this section, "sponsored alien" means a person who has been lawfully admitted to the United States for permanent residence under the Immigration and Nationality Act (8 U.S.C. Section 1101 et seq.) and who, as a condition of admission, was sponsored by a person who executed an affidavit of support on behalf of the person.

(b) If, at the time of application for benefits, a person stated that the person is a sponsored alien, the commission may, to the extent allowed by federal law, verify information relating to the sponsorship, using an automated system or systems where available, after the person is determined eligible for and begins receiving benefits under any of the following benefits programs:

(1) the child health plan program under Chapter 62, Health and Safety Code;

(2) the financial assistance program under Chapter 31, Human Resources Code;

(c) If the commission verifies that a person who receives benefits under a program listed in Subsection (b) is a sponsored alien, the commission may seek reimbursement from the person's sponsor for benefits provided to the person under those programs to the extent allowed by federal law, provided the commission determines that seeking reimbursement is cost-effective.

(d) If, at the time a person applies for benefits under a program listed in Subsection (b), the person states that the person is a sponsored alien, the commission shall make a reasonable effort to notify the person that the commission may seek reimbursement from the person's sponsor for any benefits the person receives under those programs.

(e) The executive commissioner shall adopt rules necessary to implement this section, including rules that specify the most cost-effective procedures by which the commission may seek reimbursement under Subsection (c).

(f) Nothing in this section adds to or changes the eligibility requirements for any of the benefits programs listed in Subsection (b).

SECTION 1.19. Subchapter B, Chapter 32, Human Resources Code, is amended by adding Section 32.0314 to read as follows:

Sec. 32.0314. REIMBURSEMENT FOR DURABLE MEDICAL EQUIPMENT AND SUPPLIES. The executive commissioner of the Health and Human Services Commission shall adopt rules requiring the electronic

SECTION 1.20. (a) Subchapter A, Chapter 531, Government Code, is amended by adding Section 531.0025 to read as follows:

Sec. 531.0025. RESTRICTIONS ON AWARDS TO FAMILY PLANNING SERVICE PROVIDERS. (a) Notwithstanding any other law, money appropriated to the Department of State Health Services for the purpose of providing family planning services must be awarded:

(1) to eligible entities in the following order of descending priority:

(A) public entities that provide family planning services, including state, county, and local community health clinics;

(B) nonpublic entities that provide comprehensive primary and preventive care services in addition to family planning services; and

(C) nonpublic entities that provide family planning services but do not provide comprehensive primary and preventive care services; or

(2) as otherwise directed by the legislature in the General Appropriations Act.

(b) Notwithstanding Subsection (a), the Department of State Health Services shall, in compliance with federal law, ensure distribution of funds for family planning services in a manner that does not severely limit or eliminate access to those services in any region of the state.

(b) Section 32.024, Human Resources Code, is amended by

adding Subsection (c-1) to read as follows:

(c-1) The department shall ensure that money spent for purposes of the demonstration project for women's health care services under former Section 32.0248, Human Resources Code, or a similar successor program is not used to perform or promote elective abortions, or to contract with entities that perform or promote elective abortions or affiliate with entities that perform or promote elective abortions.

SECTION 1.21. If before implementing any provision of this article a state agency determines that a waiver or authorization from a federal agency is necessary for implementation of that provision, the agency affected by the provision shall request the waiver or authorization and may delay implementing that provision until the waiver or authorization is granted.

ARTICLE 2. LEGISLATIVE FINDINGS AND INTENT; COMPLIANCE WITH ANTITRUST LAWS

SECTION 2.01. (a) The legislature finds that it would benefit the State of Texas to:

(1) explore innovative health care delivery and payment models to improve the quality and efficiency of health care in this state;

(2) improve health care transparency;

(3) give health care providers the flexibility to collaborate and innovate to improve the quality and efficiency of health care; and

(4) create incentives to improve the quality and efficiency of health care.

(b) The legislature finds that the use of certified health care collaboratives will increase pro-competitive effects as the ability to compete on the basis of quality of care and the furtherance of the quality of care through a health care collaborative will overcome any anticompetitive effects of joining competitors to create the health care collaboratives and the payment mechanisms that will be used to encourage the furtherance of quality of care. Consequently, the legislature finds it appropriate and necessary to authorize health care collaboratives to promote the efficiency and quality of health care.

(c) The legislature intends to exempt from antitrust laws and provide immunity from federal antitrust laws through the state action doctrine a health care collaborative that holds a certificate of authority under Chapter 848, Insurance Code, as added by Article 4 of this Act, and that collaborative's negotiations of contracts with payors. The legislature does not intend or authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of federal antitrust laws.

(d) The legislature intends to permit the use of alternative payment mechanisms, including bundled or global payments and quality-based payments, among physicians and other health care providers participating in a health care collaborative that holds a certificate of authority under Chapter 848, Insurance Code, as added by Article 4 of this Act. The legislature intends to authorize a health care collaborative to contract for and accept payments from governmental and private payors based on alternative

payment mechanisms, and intends that the receipt and distribution of payments to participating physicians and health care providers is not a violation of any existing state law.
