

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 85TH LEGISLATIVE REGULAR SESSION

May 19, 2017

TO: Honorable Dan Patrick, Lieutenant Governor, Senate

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: SB319 by Watson (Relating to the continuation and functions of the State Board of Veterinary Medical Examiners; authorizing a reduction in fees; providing penalties.), **As Passed 2nd House**

Estimated Two-year Net Impact to General Revenue Related Funds for SB319, As Passed 2nd House: an impact of \$0 through the biennium ending August 31, 2019.

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

General Revenue-Related Funds, Five-Year Impact:

Fiscal Year	Probable Net Positive/(Negative) Impact to General Revenue Related Funds
2018	\$0
2019	\$0
2020	\$0
2021	\$0
2022	\$0

All Funds, Five-Year Impact:

Fiscal Year	Probable Savings/(Cost) from <i>General Revenue Fund</i> 1	Probable Revenue Gain/(Loss) from <i>General Revenue Fund</i> 1	Change in Number of State Employees from FY 2017
2018	(\$73,775)	\$73,775	1.0
2019	(\$73,775)	\$73,775	1.0
2020	(\$73,775)	\$73,775	1.0
2021	(\$73,775)	\$73,775	1.0
2022	(\$73,775)	\$73,775	1.0

Fiscal Analysis

The bill would amend the Occupations Code relating to the continuation and functions of the State Board of Veterinary Medical Examiners (SBVME); authorizing a reduction in fees; providing penalties. The bill would eliminate provisions that prohibit SBVME from setting fees below a specific amount. The bill would continue SBVME for four years, until September 1, 2021.

The bill would permit SBVME to extend the validity of a license issued by the agency from one year to two years through board rule. The bill would prohibit the agency to include a limit on the time a license holder may remain on inactive status.

The bill would require SBVME to adopt a schedule of penalties, disciplinary actions, and other sanctions to be imposed appropriately to the type of violation or conduct that is the basis for disciplinary action.

The bill would require SBVME to periodically check prescribing information submitted by licensees to the TSBP in the PMP to determine whether a licensee is engaging in potentially harmful prescribing patterns or practices. The bill would require SBVME, in coordination with TSBP, to determine conduct that constitutes such patterns or practices. The bill would permit SBVME, if it suspects that a licensee is engaging in such patterns or practices, to notify the licensee and to initiate a complaint against the licensee.

The bill would require SBVME to conduct a risk-based inspection of a veterinarian's practice based on information obtained from the veterinarian or another source concerning the veterinarian's prescription of controlled substances.

The bill would establish regulations for veterinarians or local rabies control authorities to document and identify certain quarantined animals and to notify the owners of the quarantined animal.

The bill would modify the exemptions of the applicability of Chapter 801, Occupations Code. The bill would permit an employee commissioned by SBVME to become peace officers and permit the peace officer to enforce Chapter 801, Occupations Code. The bill would specify the employee commissioned as a peace officer to have the powers, privileges, and immunities of a peace officer while carrying out duties under Chapter 801, Occupations Code.

The bill would require the Sunset Advisory Commission to conduct a special-purpose review of SBVME for the 87th Legislature.

Except as other specified by the bill, the bill would take effect on September 1, 2017.

Methodology

The provisions of the bill would result in a total cost of \$73,775 in General Revenue in fiscal year 2018 and following fiscal years. According to SBVME, an additional Investigator FTE would be needed to comply with provisions of the bill that require SBVME to conduct risk-based inspections of veterinarian practices. SBVME estimates annual costs of \$54,000 in salaries and wages for an Investigator FTE, \$810 in insurance and retirement costs, and \$18,965 in other benefits costs.

SBVME is statutorily required to generate sufficient revenue to cover operational costs. This analysis assumes that any increased cost to SBVME would be offset by an increase in fee-

generated revenue.

Based on information provided by the TSBP, it is assumed the periodic check of prescribing information to determine whether a licensee is engaging in potentially harmful prescribing patterns or practices must be conducted by the administrator of the program at TSBP. Based on LBB analysis of TSBP, duties and responsibilities associated with implementing the provisions of this bill could be accomplished by utilizing existing resources.

This analysis assumes that removing the agency's statutorily set fee floor would not have a significant impact on revenues to the state. This analysis assumes the prohibition of a time limit a license holder may hold an inactive license would not result in a significant impact on revenues to the state. This analysis assumes that SBVME's adoption of administrative penalties and other sanctions could result in a change in revenue to General Revenue. Because the amount of penalties and sanctions that may be assessed is unknown, the fiscal impact cannot be calculated.

State Office of Administrative Hearings and Office of Attorney General anticipate any additional work resulting from the passage of the bill could be reasonably absorbed within current resources.

Local Government Impact

No fiscal implication to units of local government is anticipated.
