AN ACT

relating to the adoption of a healthy and safe school water plan by public schools.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Subchapter A, Chapter 38, Education Code, is amended by adding Section 38.039 to read as follows:

Sec. 38.039. HEALTHY AND SAFE SCHOOL WATER PLAN. (a) In this section, "water source" means any running water tap that is used for drinking or food preparation.

The district must determine and mitigate the source of the lead contamination, and a subsequent test for lead must show a level of lead below 15 parts per billion before access to the water source is returned to normal.

(d) The agency, in collaboration with the Texas Commission on Environmental Quality, the Department of State Health Services,

1 regional education service centers, and other stakeholders, shall
2 develop a model healthy and safe school water plan that may be used
3 by a school district to comply with this section.

4 (e) To the extent that funds are available to the agency for
5 the purpose, the agency shall develop a program under which the
6 agency reimburses a school district for testing lead concentrations
7 in water sources at the district.

8 SECTION 2. (a) Not later than December 31, 2019, the Texas

19 provided by Section 39, Article III, Texas Constitution. If this
20 Act does not receive the vote necessary for immediate effect, this
21 Act takes effect September 1, 2019.
