SUBCHAPTER C. POWERS AND DUTIES

Sec. 8830.101. GROUNDWATER CONSERVATION DISTRICT POWERS AND DUTIES. Except as provided by this chapter, the district has the powers and duties provided by the general law of this state, including Chapter 36, Water Code, and Section 59, Article XVI, Texas Constitution, applicable to groundwater conservation districts.

Sec. 8830.102. CONTRACTS. The district may enter into a contract with any person, public or private, for any purpose authorized by law.
Sec. 8830.103. APPLICABILITY OF DISTRICT REGULATIONS.

Groundwater regulation under this chapter applies to all persons except as exempted under Section 36.117, Water Code, or this chapter.

Sec. 8830.104. WELL SPACING RULES; EXEMPTIONS. (a) Except as provided by Subsection (b), the district shall exempt from the well spacing requirements adopted by the district any well that is completed on or before the effective date of those requirements.

(b) The district may provide by rule that a well may lose its exemption under this section if the well is modified in a manner that substantially increases the capacity of the well after the effective date of the well spacing requirements adopted by the district.

(c) Except as provided by this section and notwithstanding Section 8830.103, the district may require any well or class of wells exempt from permitting under Chapter 36, Water Code, to comply with the well spacing requirements adopted by the district. The district shall apply well spacing requirements uniformly to any well or class of wells based on the size or capacity of the well and without regard to the type of use of the groundwater produced by the well.

Sec. 8830.105. REGISTRATION AND REPORTING REQUIREMENTS FOR CERTAIN EXEMPT WELLS. The district may adopt rules that require the owner or operator of a well or class of wells exempt from permitting under Section 36.117, Water Code, to register the well with the district and, except for a well exempt from permitting under Subsection (b)(1) of that section, to report groundwater
withdrawals from the well using reasonable and appropriate reporting methods and frequency.

Sec. 8830.106. ENFORCEMENT. (a) The district may enforce this chapter in the manner provided by Chapter 36, Water Code. The purpose of a fee authorized under this subsection is to serve as a disincentive to producing groundwater except as authorized by the district.

(b) A fee imposed under Subsection (a) may not exceed an amount equal to 10 times the amount of a fee assessed under Section 8830.152.

Sec. 8830.107. NO EMINENT DOMAIN POWER. The district may not exercise the power of eminent domain.

Sec. 8830.152. DISTRICT REVENUES. (a) The district by rule, resolution, or order may establish, amend, pledge, encumber, expend the proceeds from, and assess to any person production fees based on the amount of groundwater authorized by permit to be
withdrawn from a well or on the amount of water actually withdrawn,
to enable the district to fulfill its purposes and regulatory
functions as provided by this chapter. The district may use
revenues generated by fees it assesses for any lawful purpose.

(b) Notwithstanding any provision of general law to the
contrary, a fee authorized by Subsection (a) may not exceed:

(1) $1 per acre-foot annually for groundwater used for
agricultural purposes; or

(2) 30 cents per thousand gallons annually for
groundwater used for nonagricultural purposes.

(c) Notwithstanding any provision of general law or this
chapter to the contrary, if any, the district may assess a
production fee under this section for groundwater produced from a
well or class of wells exempt from permitting under Section 36.117,
Water Code. A production fee assessed by the district under this
subsection must be based on the amount of groundwater actually
withdrawn from the well and may not exceed the amount established by
the district for permitted uses under Subsection (b)(2).

(d) Notwithstanding Section 36.1071(f), Water Code, the
district by rule, resolution, or order before the adoption of its
management plan may:

(1) establish, assess, and enforce the collection of
production fees under this section; and

(2) establish and enforce metering and reporting
requirements, except for a well exempt from permitting under
Section 36.117(b)(1), Water Code.

(e) The district by rule may establish a temporary or
permanent discounted fee rate for persons who prepay production
district under this section on or before the dates
established by district rule.

SECTION 2. (a) The legal notice of the intention to
introduce this Act, setting forth the general substance of this
Act, has been published as provided by law, and the notice and a

officials, or entities to which they are required to be furnished
under Section 59, Article XVI, Texas Constitution, and Chapter 313,
Government Code.

(b) The governor has submitted the notice and Act to the
Texas Commission on Environmental Quality.

lieutenant governor, and speaker of the house of representatives
within the required time.

(d) All requirements of the constitution and laws of this
state and the rules and procedures of the legislature with respect
to the notice, introduction, and passage of this Act are fulfilled
and accomplished.

SECTION 3. This Act takes effect immediately if it receives
a vote of two-thirds of all the members elected to each house, as
provided by Section 39, Article III, Texas Constitution. If this
Act does not receive the vote necessary for immediate effect, this
Act takes effect September 1, 2007.
