

Amend **CSSB 1** in Article III of the bill, following the appropriations to the Texas Education Agency, by adding the following paragraph to Rider 46 (page III-15):

The agency shall allocate the increase in state and federal adult basic education funds, other than federal funds set aside for state administration, special projects, and staff development, based on need. For purposes of this paragraph, the "increase in state and federal adult basic education funds" is the amount of state and federal adult basic education funds, other than federal funds set aside for state administration, special projects, and staff development, available for the 2009-2010 or 2010-2011 school year that exceeds the amount of state and federal adult basic education funds, other than federal funds set aside for state administration, special projects, and staff development, allocated in the 2008-2009 school year.
