

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 83RD LEGISLATIVE REGULAR SESSION

April 29, 2013

TO: Honorable Bob Deuell, Chair, Senate Committee on Economic Development

FROM: Ursula Parks, Director, Legislative Budget Board

IN RE: **HB1296** by Alvarado (Relating to information regarding postsecondary education and career opportunities and workforce needs in this state.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would require the Texas Education Agency (TEA) to prepare information comparing institutions of higher education in the state and post the information on the agency's website. This information would be provided to public school students at their request and would include identification of postsecondary education and career opportunities; comparisons of each institution with other institutions regarding cost of tuition, retention rates, graduation rates, average student debt, student loan repayment rates, and employment rates; identification of future workforce needs from Texas Workforce Commission (TWC) projections; and annual wages for the top 10 highest demand jobs in the state. Costs associated with this section of the bill are not considered significant and would be absorbed within existing resources.

The bill requires the Texas Higher Education Coordinating Board (Board), in conjunction with TWC and in consultation with any other state agency as requested by the Board or TWC, to collect information and make a five-year projection concerning the workforce needs of the state, and the educational attainment and training of persons projected to enter the state workforce. Based on the projections, the board shall identify the types and levels of education, training, and skills that are needed to meet the state's future workforce needs and shall make recommendations concerning the expansion of existing programs or the development of new programs at public and private postsecondary educational institutions in this state as necessary to meet the projected workforce needs. The bill requires that by February 1, 2015, the Board must prepare and submit electronically to each standing legislative committee with primary jurisdiction over higher education or workforce development, TEA, and each public and private postsecondary educational institution in this state, a report of the information collected and analyzed, including recommendations of the Board for programming at postsecondary educational institutions. Provisions of the bill would expire on August 31, 2017. For purposes of this analysis, the Board is assumed to be the lead agency in collecting the information and making projections as required by the bill. It is also assumed that costs identified by the Board to implement provisions of the bill are not significant.

Local Government Impact

No fiscal implication to units of local government is anticipated.
