The bill would amend portions of the Parks and Wildlife Code regarding department procedures for suspending, revoking, or not renewing specific deer permits and the agency procedures for the removal or destruction of deer. The bill would add factors for the Texas Parks and Wildlife Department (TPWD) to consider when refusing to issue or renew certain deer permits. The bill would require TPWD to provide notice to a permittee prior to the removal or destruction of any deer. TPWD anticipates any additional work resulting from the passage of the bill for handling appeals and administrative costs could be absorbed within the department's existing resources.

The bill would take effect September 1, 2013.
