2017	(\$131,250,000)
2018	(\$131,250,000)
2019	(\$131,250,000)
2020	(\$131,250,000)

**Fiscal Analysis**

The bill would reallocate Higher Education Fund appropriations between eligible recipient institutions and increase the annual constitutional appropriation for the Higher Education Fund from \$262,500,000 each fiscal year to \$393,750,000 in each fiscal year beginning in fiscal year 2016.

The bill would make the increase in the annual Higher Education Fund appropriation contingent on the Eighty-fourth Legislature, Regular Session, 2015, increasing the annual Higher Education Fund appropriation in the General Appropriations Act to \$393,750,000 in each fiscal year of the 2016-17 biennium. If the Eighty-fourth Legislature, Regular Session, 2015, does not increase the annual Higher Education Fund appropriation in the General Appropriations Act, the bill would reallocate the Higher Education Fund appropriations between eligible recipient institutions and would maintain the annual constitutional appropriation for the Higher Education Fund at \$262,500,000 in General Revenue each fiscal year.

### **Methodology**

The current annual appropriation level for the Higher Education Fund is \$262,500,000. The bill would increase the annual allocation to \$393,750,000 beginning in fiscal year 2016, which would result in an annual cost of \$131,250,000 in General Revenue. This analysis assumes the Eighty-fourth Legislature, Regular Session, 2015, would increase the appropriations for the Higher Education Fund to \$393,750,000 each fiscal year of the 2016-17 biennium in the General Appropriations Act.

If the Eighty-fourth Legislature, Regular Session, 2015, does not increase the appropriations for the Higher Education Fund for the 2016-17 biennium, the bill would have no fiscal impact.

### **Local Government Impact**

No fiscal implication to units of local government is anticipated.
